December 15, 2016

Honourable Bronwyn Eyre
Minister of Advanced Education
Room 307 Legislative Drive
Legislative Building
Regina, SK S4S 0B3

Dear Minister Eyre:

It is my pleasure to submit, herewith, the Annual Report of Carlton Trail College for the fiscal year ended June 30, 2016, including duly certified financial statements of College operations, all in accordance with Section 16 of the Regional Colleges Act and Section 14 of the Regional College Regulations.

Respectfully submitted,

A handwritten signature in cursive script, reading "Glenn Hepp".

Glenn Hepp, Chairperson
Board of Directors
Carlton Trail College

In December 2015, the Carlton Trail College Board of Directors adopted a new Vision statement and added a fifth Guiding Principle.

VISION STATEMENT

Changing Lives Through Learning

MISSION STATEMENT

To serve students, business, industry and communities by creating successful lifelong learning opportunities

MANDATE

Carlton Trail College is a provincial institution established under Saskatchewan's *Regional Colleges Act*, which was proclaimed on January 1, 1988. The College succeeded Carlton Trail Community College, which was previously established under Saskatchewan's *Community Colleges Act* of 1973.

Section 5 of the *Regional Colleges Act* delineates that programming which a Regional College may offer:

1. university and technical institute courses provided by way of a contract between the college and a university or technical institute;
2. training programs that prepare individuals for a career or provide education with respect to health or social issues;
3. training programs paid wholly or partly by private business, non-profit groups or government agencies;
4. career services;
5. adult basic education, literacy and upgrading programs;
6. any other educational activities that the Lieutenant Governor in Council may prescribe in the regulations.

A new Regulation enacted on July 3, 1997, enabled regional colleges:

1. to provide employment services, programs and activities associated with career, educational and training services, programs and activities pursuant to agreements with the Minister of Post-Secondary Education and Skills training or the New Careers Corporation; and
2. to determine student eligibility for, and to administer the Provincial Training Allowance.

GUIDING PRINCIPLES

The Board has adopted the following guiding principles:

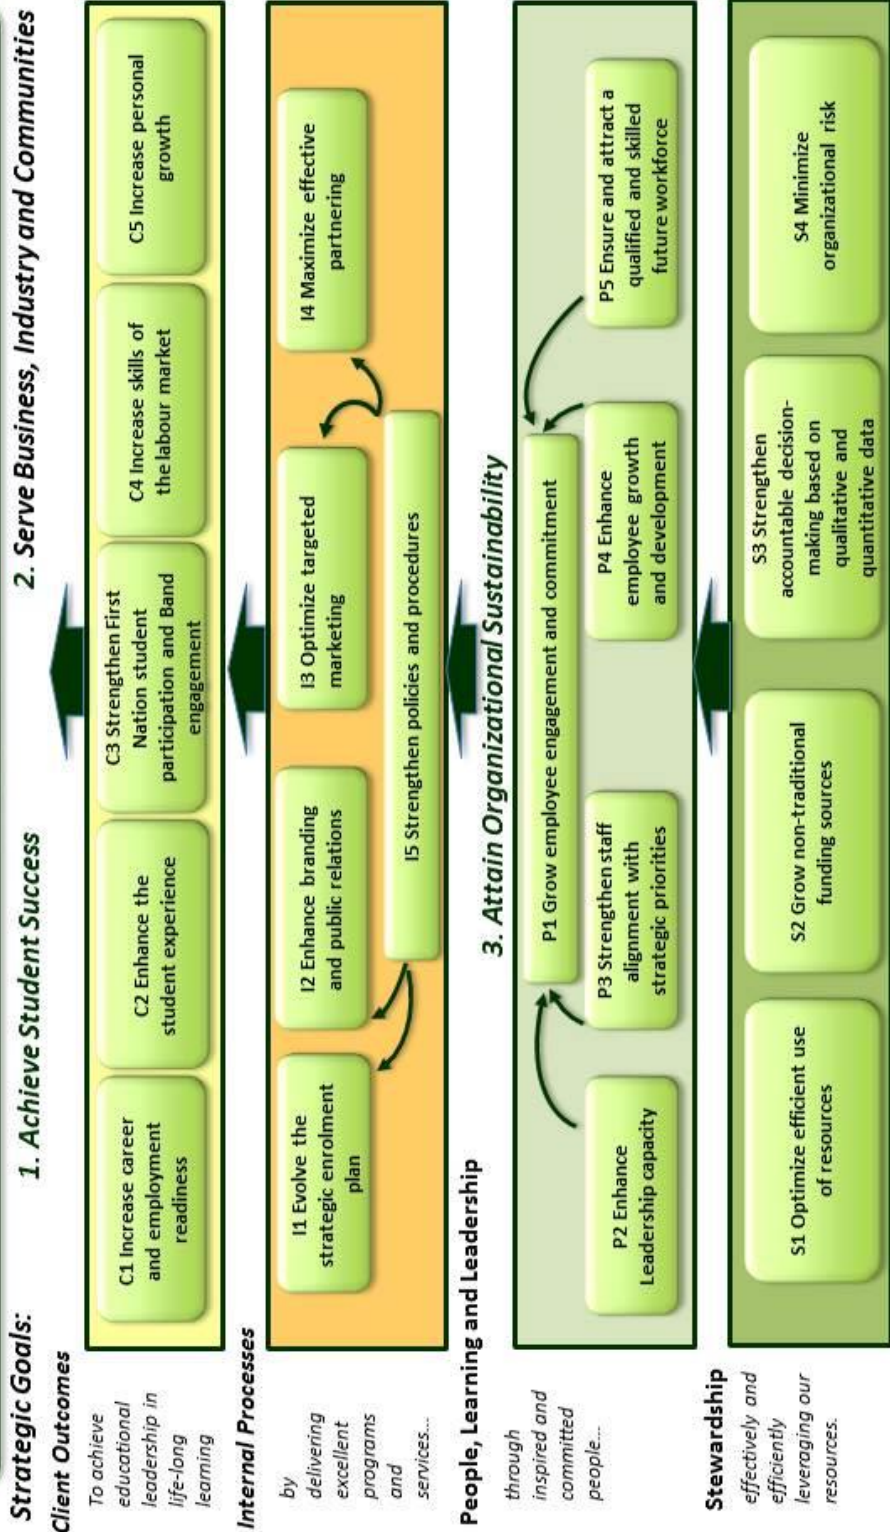

- Respect
- Accountability
- Commitment
- Innovation
- Integrity

2013-2016 STRATEGIC PLAN

Discover your future!

Vision: The Educational Leader in Lifelong Learning
Mission: To serve students, business, industry and communities by creating successful lifelong learning opportunities
Guiding Principles: Respect, Accountability, Commitment, Innovation
Strategic Destination: By June of 2016, CTCRC will have positioned itself as the Educational Leader in lifelong learning in our region as measured by a 10% increase in student enrolments, a 10 % increase in formal partnerships and a 10 % increase in revenue generated through business, industry and third party contracts.

July 1, 2013

BOARD OF DIRECTORS' REPORT

As Chair of the Board of Directors for Carlton Trail College, it is my pleasure to present this report for the 2015-2016 fiscal year on behalf of my colleagues.

The current six-member Board has been together since the spring of 2014. In January of 2016, the terms of all Board members were reaffirmed and are shown below. All of our Board members have been able to take advantage of Board Governance training sessions sponsored by the Ministry of Advanced Education and all have maintained their accreditation through ongoing development opportunities.

The Board, as part of its mandate from the Government of Saskatchewan, provides strategic leadership, sanctions the general operation of the College, and approves financial, administrative and human resource policies. The Board also approves an annual budget and a set of programs and services. To fulfill this responsibility, the Board receives regular reports from Carlton Trail College staff and management. These reports help ensure that Board objectives are being met and that resources and assets are protected and well-managed.

A major initiative for our Board in 2015-2016 was the hiring of a new College President and CEO to replace Dr. Yackel who retired at the end of August 2016. A national search and extensive recruitment and selection process resulted in the selection of a new President, Ralph Troschke, whose duties began in late August 2016.

2015-2016 was the final year of the Board's three-year strategic plan which, complete with a "balanced scorecard" and a comprehensive list of specific initiatives, was designed to fulfill the overall strategic objectives identified by the Board. In the spring of 2016, the Board approved a new three-year plan for the period of July 1, 2016, to June 30, 2019.

The Board has continued its tradition of being actively involved in the communities served by Carlton Trail College. It has used available opportunities to increase the visibility of the College and to willingly participate in regional, provincial and national activities designed to enhance and promote the work of regional colleges.

PRESIDENT'S REPORT

It is my pleasure to provide this report on the 2015-2016 College year, the fourth in my tenure as President and CEO of Carlton Trail College, and my last, given my retirement in August of 2016.

2015-2016 saw the development of a new three-year strategic plan that was implemented effective July 1, 2016, to June 30, 2019. The plan is based on a new Vision – “Changing Lives Through Learning”, which was developed with input from College staff and formally approved by the Board in December of 2015. Other highlights of the year included an instructors’ in-service day, a start-up meeting for all staff on September 1, and staff development days in November and January. April saw the launch of our totally redesigned website.

Throughout the year we continued a practice of meeting with all Humboldt staff each Monday morning for a staff-led presentation based on our Pacific Institute training. Our Senior Leadership Team also connected once a month by telephone and internet with all regional office staff in an attempt to enhance communications and further build relationships with those staff who work outside of the Humboldt campus.

The work of staff is supported by a comprehensive performance management system that ensures that each employee receives a comprehensive annual evaluation through an ongoing developmental process. This guarantees every employee a minimum of three formal coaching sessions with his or her supervisor throughout the year.

The Board held its 2015-2016 meetings in the Humboldt and District Chamber of Commerce boardroom, at Schulte Industries in Englefeld, and in a classroom at the Humboldt College campus.

A portion of each Board Meeting was dedicated to presentations and interaction among Board members and front-line staff, in addition to the members of the Senior Leadership Team. This experience has proven very beneficial for staff and Board members alike as it provides a very direct window into the workings of the Board and of various departments within our College. June’s meeting focused on a formal evaluation of the President and CEO and the Board itself. The Annual meeting was held in conjunction with the June meeting and in accordance with the provisions of the legislation.

Finally, and most importantly, I wish to acknowledge the work of the Minister of Advanced Education, the Honourable Scott Moe. Our Minister and his staff, as well as the Ministry of the Economy, provided ongoing leadership and support to the efforts of the women and men of our College who continue to demonstrate a passion for learning and an unwavering commitment to meeting the needs of the students we serve. It has been my privilege to play a small role in the provision of these services over the past four years.

Dr. Ivan Yackel
President and Chief Executive Officer

discover your future

PROGRAMS AND SERVICES SUMMARY

With 2,557 students participating in some form of programming in 2015/16, the College saw a busy year. Overall, there was a 7.6% increase in enrolments, but an overall decrease in full-load equivalencies (FLEs) over the previous year. The reason for the decrease in FLEs is a result of a reduction in the delivery of Institute, and both ABE credit and non-credit programs. Overall, the College saw a success rate (the number of graduates and completers) of 95%, which was a 7% increase from last year. This increase was largely a result of an 80.5% completion rate in ABE non-credit, and a 99% success rate in Industry credit programming.

PROGRAMMING ACTIVITY

	Classes	Students	Participant Hours
2012 / 13	328	2,205	256,119
2013 / 14	283	1,943	287,437
2014 / 15	315	2,375	309,203
2015 / 16	295	2,557	260,783

PROGRAM OFFERINGS BY REGION

An important ingredient in the success of any college is its ability to "connect" with its communities and residents. In a region having a population of over 66,200, Carlton Trail College offered **295** programs/classes to **2,557** students in **30** communities during the 2015/16 programming year.

SKILLS TRAINING PROGRAMS

INSTITUTE CREDIT

Carlton Trail College continued to provide various credit skills training programming opportunities throughout its region. A variety of full- and part-time programs, primarily brokered through Saskatchewan Polytechnic, were offered. The majority of programs were financed utilizing provincial funding resources received from the Ministry of the Economy, while some programs were delivered on a cost-recovery basis, and others offered through partnering agreements with third parties.

The College received an approximate 2.2% reduction in Skills Training funding in 2015/16. Overall there was a 6.7% decrease in enrolments, with an 18% decrease in FLEs. These decreases were a result of a slight reduction in both full- and part-time program offerings, with Industrial Mechanics being removed from the program plan due to insufficient enrolments, and the completion of the part-time Primary Care Paramedic and Business Certificate programs mid-way through the year. In addition, the reduction in numbers was impacted slightly by the change in which the colleges track Saskatchewan Polytechnic programs that were historically delivered over the LIVE Network.

HIGHLIGHTS

- Approximately 95% of the students from both the Humboldt and Wynyard Continuing Care Assistant (CCA) and Office Administration programs obtained employment in their field of training with the Saskatoon Health Region.
- Students from the College's Power Engineering Technician program had some of the highest final marks in the province for the Technical Safety Authority of Saskatchewan (TSASK) interprovincial Fourth Class exams. In addition, five of the 12 graduates from the Technician program moved on to Saskatchewan Polytechnic to complete the second year of the Power Engineering Technology Diploma program.
- Two Educational Assistant Certificate programs and a Business certificate program were offered on a part-time basis throughout the region. The programs were delivered in the evening thereby allowing individuals to take classes to obtain their certification while continue to remain in the workforce.
- The Security Officer Applied Certificate program was offered in Raymore for a third time in partnership with Touchwood Agency Tribal Council Labour Force Development, and Labour Market Services. After the completions of the required two-week work experience, the majority of the students were offered permanent employment.

| | • Welding Applied Certificate |

INDUSTRY CREDIT

The College understands the importance of offering Industry Credit programming to meet the needs of business, industry, First Nations communities and individual stakeholders residing in our region. In 2015/16, the College realized a 56.3% increase in enrolments and a 36% increase in the FLEs for Industry Credit programming. The majority of the Industry Credit programming was offered on a cost-recovery basis or through third party partnerships.

HIGHLIGHTS

- The College continues to partner with 33 volunteer fire departments within its region to deliver online and face-to-face modules of the *Essentials of Firefighting 1001*. A total of 602 students participated in training, up by 12% over the previous year.
- The Canada-Saskatchewan Job Grant program was utilized by 13 businesses in the region to provide industry specific training for employees. The training was primarily for Class 1A licensing, but also included training in Excel, Power Engineering Fireman and Fifth Class, and Welding skills and terminology.
- Safety training continues to be highly sought after in the region with 1,374 individuals being trained in various areas. This increase over last year is largely due to the significant increase in First Aid/CPR training delivered to upwards of 600 grade 10 students from across the Horizon School Division.

Industry Credit Programs Delivered in 2015/16

BUSINESS, INDUSTRY & COMMUNITY

Business, Industry and Community Education (BIC) programs consist of non-credit courses of varying duration in the areas of agriculture, business, computer applications, health and wellness and general interest. These programs are scheduled in various communities throughout the region based on identified needs and stakeholder requests. 2015/16 programming saw a decrease in enrolments of 35%, and a subsequent decrease in FLEs.

BIC PROGRAMS OFFERED IN 2015/16

- Agriculture
 - Ag Expert
 - Intro to Grain Marketing
- Business/Trades
 - Essential Skills for the Workplace
 - Transition to Employment
 - Arc Welding
 - Entrepreneurship
 - General Welding
 - Welding Terminology
- Computers
 - Intro to Computers
 - Intro to iPad
 - MS Excel
 - Advanced Excel
 - Spreadsheets (Excel)
 - Quickbooks
 - Microsoft Word
 - PowerPoint
- Health & Wellness
 - Fire Extinguishers
- Ed2Go (Online)
 - Purchasing Fundamentals
 - Creating Web Pages
 - Quickbooks
 - Photoshop Elements
 - Digital Photography

 - Excel
 - Grant Writing
 - Food, Nutrition & Health
 - Gerontology
 - Holistic & Integrative Health
 - Human Anatomy & Physiology
 - Professional Development
- General Interest
 - Cooking
 - Digital Photography
 - Home Handyman
 - Painting
 - Quilting
 - Driver Training

ADULT BASIC EDUCATION

Adult Basic Education (ABE) is an umbrella term that refers to a wide range of services, and credit and non-credit programs designed to help learners garner the foundational skills needed to gain employment or the credentials required to enter post-secondary education. In order to address the breadth of student needs across our region, the provision of a variety of ABE programs is essential. In an effort to best meet regional demands, the College provides a spectrum of ABE training opportunities including Level 4 (Adult 12), Level 3 (Adult 10), Level 1 and 2 (literacy, essential and employability skill development) and English as a Subsequent Language (ESL).

In 2015/16 ABE credit programming saw a decrease in FLEs of approximately 25%, and a 20% decrease in enrolments over the previous program year. These reductions were a result of delivering ABE Level 3 in Wynyard, a shorter program than the Level 4 delivered the previous year, and the decision not to run any Academic GED programs. The overall success rate of students was 63%.

Graduate from ABE Level 4 - Punnichy Program

In the area of ABE non-credit programming the College saw a decrease in the number of programs offered, resulting in a 39.3% decrease in FLEs, but only a 5.9% decrease in enrolments. This decrease in programming was a result of only delivering two ABE-ESWP project instead of the previous year's five. The rationale for the decision to only apply for two projects was partially because of a transition in staffing at the senior programming level, but mostly because it was deemed important to deliver two very high quality programs focusing on retention and attachment to the workforce. In terms of success for ABE non-credit programming, not including english language training, 78% of the students are either employed or going on to further education; and the College saw an 18% increase in Indigenous student completion rates over last year.

HIGHLIGHTS

- The College delivered ABE Level 3 programming in Punnichy, Wakaw and Wynyard, and Level 4 programming in Humboldt, Punnichy and Wakaw.
- The College delivered ABE-ESWP programming with Fishing Lake First Nation and One Arrow First Nation. Both programs met or exceeded all Labour Market Services outcomes and maintained high levels of attendance and student engagement. Feedback from both employers at work-placement sites and students was extremely positive. The majority of students from both programs have either secured employment or are continuing their education with the College

- The College hosted an ABE Student Experience Day in March 2016 at the Humboldt Campus. ABE students from all of the Level 3, Level 4 and ESWP programs were brought in for tours of the Welding and Plumbing shop, and the Office Administration, Power Engineering and Continuing Care Assistant classrooms. During the tours, the current post-secondary students led the ABE students in hands-on activities as well as answered questions about their program. Students also experienced a virtual tour consisting of a short instructor led presentation and tour of facilities of both the Electrician and Practical Nursing programs being delivered in Watrous.

- The College offered “Start Here!”, a level 1/2 Literacy program on One Arrow First Nation. Utilizing *The Circle of Learning: Saskatchewan Adult Literacy Benchmarks* to build on participants’ literacy levels, the goal of this program was to introduce learners to the foundational skills needed for work, education and everyday life.
- In partnership with Immigration, Refugees and Citizenship Canada (IRCC), and the Ministry of Economy, the College offered 9 six-hour and 3 three-hour multi-level Language Instruction for Newcomers to Canada (LINC) classes in ten locations throughout the region. Overall, there were a total of 229 individuals participating in these programs, which is a 19% increase over last year.
- The College hosts three active language assessors, and language assessments are done as required throughout the year. In 2015/16, 159 assessments were completed across the region; 121 permanent residents, 33 non-permanent residents and 8 Canadian citizens.
- In partnership with Schulte Industries, the College provided job specific language training over 18 weeks to eleven Schulte Industries employees. This program was partially funded through the Canada Saskatchewan Job Grant, and will continue in 2016/17.
- Canadian Academic English Language (CAEL) testing was taken over from Carleton University by Paragon Testing Enterprises, a subsidiary of the University of British Columbia. The College has maintained its partnership and continues to be the only post-secondary institute in Saskatchewan that currently offers this service. In 2015/16, the College offered 10 CAEL sittings with a total of 119 test takers.

Year-end ESL Student Celebration in Humboldt

229 students participated in ESL training throughout the College region in 2015/16. The ESL program saw an 86% completion rate.

STUDENT SERVICES

Student Services plays a key role in student success; assisting students to determine their academic and career goals, providing ongoing support throughout College programs, and assistance in transitioning to further academic attainment and/or the workforce.

Depending on the needs of the learner, advising services are provided on a confidential one-on-one or group basis. Student services offer learners the following wide array of personalized supports:

Academic Advising	<ul style="list-style-type: none">• Program Planning• Academic Progress• Application Assistance
Accessibility/Disability Services	<ul style="list-style-type: none">• Assessment of Learning Disabilities• Accommodation for Documented Disabilities• Support and Advocacy
Crisis Intervention	<ul style="list-style-type: none">• Critical Incident Debriefing• Suicide Intervention• Referrals to Community Agencies and Services
Financial Planning	<ul style="list-style-type: none">• Student Loan Information• Scholarships, Bursaries and Awards Information• Budgeting Assistance for Going to School
Help with Choosing a Career	<ul style="list-style-type: none">• Career Testing/Assessment• Career Planning• Program Information and Exploration
Personal Coaching	<ul style="list-style-type: none">• Academic Success• Problem Solving• Confidential Personal Advising• Conflict Resolution and Mediation
Success Workshops	<ul style="list-style-type: none">• Study Skills• Time Management• Note Taking Strategies• Exam Preparation• Exam Anxiety• Pacific Institute Training
Transition to Employment	<ul style="list-style-type: none">• Goal Setting• Resume and Cover Letter Assistance• Interview Preparation• Workplace Skills Development for Specific Programs

Student services personnel facilitate the world renowned goal-setting and personal enhancement program, *The Pacific Institute*, for all students enrolled in full-time institute credit and ABE credit and non-credit programs. The goal of the workshop is to strengthen student engagement and to increase student retention and overall success.

Pro-active and preventative services continue to be a key area of focus for the student services team. In addition to the approximately 300 intake and assessment meetings undertaken with potential ABE students, Student Services, as a pilot project, conducted post-acceptance interviews with students in three institute credit program. The goal of these interviews was to provide a touchpoint for program retention, as well as an opportunity to engage in discussions about the program the student was enrolled

in, funding options, and other issues such as early identification of barriers such as learning disabilities, addictions, or mental health concerns that may impact the students' success. As a result of the success of this initiative the practice will be extended to students accepted into all institute credit programming in 2016/17.

A "Transition Team" was developed this past spring with staff from the College, One Arrow First Nation, and Saskatoon Tribal Council to formalize strategies to increase One Arrow First Nation community member's participation in the labour market and/or post-secondary education. The purpose of the team is to work collaboratively so that the transition of graduates from both ABE and other post-secondary programs in the One Arrow First Nation area is better supported and is more seamless.

The College's accessibility/disability office provided support to a number of individuals who required assistance or accommodations for disabilities. 85% of students assisted through the Workforce Development for People with Disabilities (WFD-PD) program successfully completed the programs in which they were enrolled. The remaining 15% were placed on a reduced course load and plan on returning in the fall of 2016 to complete their studies. 90% of those that completed their program are either employed and/or are enrolled in post-secondary education for the fall of 2016.

UNIVERSITY PROGRAMS

The College does not offer any face-to-face university programs. However, students do have the option to enroll in University of Regina classes offered over the LIVE Network.

YOUTH INTERNSHIP PROGRAM

The Youth Internship Program is an Industry Canada funded program designed to create jobs and other social, educational and economic benefits associated with the use of information technologies. The program provides funding for young Canadians to gain employment with Information and Communications Technologies (ICT) related not-for-profit organizations. The objective is to encourage not-for-profit organizations across Canada to develop and apply ICT-related skills and create internships to strengthen their business and build a foundation for success of youth in the job market.

Carlton Trail College has been contracted to administer the Youth Internship program in Saskatchewan since its inception in 1994. Special attention is paid to properly administer the program to meet the Youth Employment Strategy Objectives and Youth Internship priorities. The Provincial Coordinator is based out of the Humboldt office and provides training and support for the youth interns throughout the province.

51 interns were placed at host organizations in Saskatchewan during the 2015/16 program, including the Provincial Coordinator and three Regional Coordinators. Interns are eligible under either a “Career Focus Stream” (students currently enrolled in a post-secondary institution or who have completed at least one course at a university or other post-secondary institution) or a “Summer Work Experience Stream” (students intending to return to school full time after the internship).

Interns were trained on a variety of topics including: resume building, interview skills, career finding tools, social media, internet safety, internet research, computer applications, presentation skills, effective communication, leadership, goal setting, motivation and stress, and more.

In their jobs, the youth interns performed a variety of duties that were dependent on the needs of their host organization. Some conducted computer and internet training, others helped library patrons with using e-readers, assisted with resume writing, conducted activities at youth centers, and developed websites. They all used ICT to enhance the operation of the organizations and communities in which they worked.

Sask-YI training in Bruno

CARLTON TRAIL COLLEGE

DEFINITIONS

DEFINITIONS

Program/Service

Program: A course(s) of study based on a curriculum, plan or system of academic and related activities that have a definite duration.

Service: The formal act of helping, providing assistance and/or advice.

Certification

Credit: Learning which is certified by a recognized body.

Non-Credit: Learning which is not certified by a recognized body.

Program Completion Status

Completer (C): A student who has completed the time requirement of a course or all courses within a program session.

Completed Successfully: A student who has successfully completed all requirements of a non-credit program.

Graduate (G): A student who has successfully completed all program requirements and attained a level of standing resulting in credit recognition from an accrediting institution/industry and/or regulatory body.

Program Type

Apprenticeship & Trade: Education and training certified through Apprenticeship and Trade Commission.

Basic Education Credit (BE Credit): Learning that is certified by the Saskatchewan Ministry of Education

Basic Education Non-Credit (BE Non-Credit): Learning which may include some form of evaluation; however, does not result in certification by a recognized body.

Community/Individual Non-Credit: Education and training that leads to or enhances a person(s) employability or enhances community and/or social development, but does not result in credentials or certification recognized by an industry, association or sector, regulatory body or licensing agency.

Industry Credit: Education and training that leads to a credential that is recognized by an industry association or sector, regulatory body or licensing agency.

Industry Non-Credit: Education and training that meets the specific needs identified for an industry, group, firm or sector that does not result in credentials or certification recognized by an industry, association or sector, regulatory body or licensing agency.

DEFINITIONS cont'd

Institute Credit: Education and training which leads to a credential (certificate, diploma, degree) from a recognized credit-granting agency.

University: University credit training.

Personal Interest Non-Credit: Education and training that meets the needs of individual(s) or group(s) for the purpose of enhancing their hobby, leisure and recreation skills.

Students

Distinct Student: An individual participating, over an identified period of time, in one or more program groups offered by the College.

Full-Time Student: is defined as one who is taking courses that collectively require a minimum of 18 hours of scheduled class time per week for a minimum period of 12 weeks. There are two exceptions to this definition:

- for Apprenticeship and Trade: a complete level (the length depends on the trade) is required; and
- for university courses: a minimum of 216 hours of scheduled class time for the academic year.

Part-Time Student: is defined as: (a) one who is taking courses of less than 12 weeks duration, even when more than 18 hours of scheduled class time per week is required or (b) one who is taking courses that are at least 12 weeks in duration, but collectively require less than 18 hour of scheduled class time per week.

Casual Student: is defined as one who is taking courses within a program group that collectively total less than 30 hours of scheduled class time.

Registration

Course Registrations: The number of students enrolled in courses taken within a program area or program type.

Program Registrations: The number of students enrolled in a program area or program type.

Student Enrolment: Student(s) enrolled in program(s) or course(s) that are part of a specific Program Group.

Count

Full-Load Equivalent (FLE): Total participant hours divided by the generally accepted full-load equivalent factor for a program group.

Participant Hours: The total time that a student is actively involved in a program (course) session.

INDEPENDENT AUDITORS' REPORT

To the Board
Carlton Trail College

We have audited the accompanying financial statements of Carlton Trail College, which comprise the statement of financial position as at June 30, 2016, and the statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Carlton Trail College as at June 30, 2016, and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

E.J.C. Dudley & Co.
Chartered Professional Accountants

CARLTON TRAIL COLLEGE
Statement of Management Responsibility

The College is responsible for the preparation of the financial statements and has prepared them in accordance with Canadian public sector accounting principles and in accordance with the guidelines developed by Saskatchewan Advanced Education. The College believes the financial statements present fairly the College's financial position as at June 30, 2016, and the results of its operations for the year then ended.

In fulfilling its responsibilities and recognizing the limits inherent in all systems, the College has developed and maintains a system of internal control designed to provide reasonable assurance that College assets are safeguarded from loss and that the accounting records are a reliable basis for the preparation of financial statements.

The Board of Directors is responsible for the review of the financial statements. The Board meets with management and, as required, with the external auditors to discuss the results of audit examinations and financial reporting matters. The external auditors have full access to the Board with and without the presence of management.

The financial statements for the year ended June 30, 2016, have been reported on by E. J. C. Dudley & Co. The Auditors' Report outlines the scope of their examination and provides their opinion on the fairness of presentation of the information in the financial statements.

CARLTON TRAIL COLLEGE
NOTES TO THE FINANCIAL STATEMENTS
for the year ended June 30, 2016

1. PURPOSE AND AUTHORITY

Carlton Trail College (the College) was established by Saskatchewan Order in Council 22/89 dated February 16, 1989.

The College offers educational services and programs under the authority of Section 14 of *The Regional Colleges Act*. The College Board plays an integral part in strategic direction and management guidance.

The purpose of the Colleges is to provide credit and non-credit classroom and vocational training to meet the needs of regional constituents and industry. The College is exempt from the payment of income tax.

2. SIGNIFICANT ACCOUNTING POLICIES

As a government not-for-profit organization, the College prepared these financial statements in accordance with Canadian public sector accounting standards for government reporting entities. The accounting standards followed for government not-for-profit organizations is the CPA Canada Public Sector Accounting (PSA) Handbook.

(a) College Reporting Entity

The financial statements include all of the assets, liabilities, revenues and expenses of the College reporting entity

(b) Measurement Uncertainty and the Use of Estimates

The preparation of financial statements in conformity with PSA standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Uncertainty in the determination of the amount at which an item is recognized or disclosed in financial statements is known as measurement uncertainty. Such uncertainty exists when there is a variance between the recognized or disclosed amount and another reasonably possible amount.

Measurement uncertainty that may be material to these financial statements exists for: the liability for employee future benefits of \$147,100 (June 30, 2015 - \$138,800) because actual experience may differ significantly from actuarial or historical estimations and assumptions.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known. While best estimates are used for reporting items subject to measurement uncertainty, it is reasonably possible that changes in future conditions, occurring within one fiscal year, could require material changes in the amounts recognized or disclosed.

(c) Financial Instruments

Financial instruments create rights and obligations to receive or deliver economic benefits. Financial instruments include cash and cash equivalents, accounts receivable, inventories for resale, accrued salaries and benefits, accounts payable and accrued liabilities.

Financial instruments are assigned to one of two of the following measurement categories:

i) Fair Value

Fair value measurement applies to portfolio investments in equity instruments that are quoted in an active market. As at June 30, 2016, and June 30, 2015, the College did not own any portfolio instruments in equity instruments.

ii) Cost or Amortized Cost

All other financial assets and financial liabilities are measured at cost or amortized cost. Transaction costs are a component of cost for financial instruments measured using cost or amortized cost. Receivables are measured at amortized cost. Due to their short-term nature, the amortized cost of these instruments approximates their fair value.

(d) Financial Assets

Financial assets are assets that could be used to discharge existing liabilities or finance future operations, and are not for consumption in the normal course of operations. Valuation allowances are used where considered necessary to reduce the amounts reported for financial assets to their net realizable value.

Cash and Cash Equivalents consist of cash, bank deposits and highly liquid investments with initial maturity terms of three months or less and held for the purpose of meeting short-term operating cash commitments rather than for investing purposes.

Accounts Receivable are shown net of allowance for doubtful accounts to reflect their expected net recoverable value. Valuation allowances are recorded where recovery is considered uncertain. Changes in valuation allowances are recorded in the statement of operations and accumulated surplus.

Inventories for Resale consist of textbooks and course materials, which are held for sale in the ordinary course of operations and are valued at the lower of cost and net realizable value. Cost is determined using the average cost method. Net realizable value is the estimated selling price in the ordinary course of business.

(e) Liabilities

Liabilities are present obligations arising from transactions and events occurring prior to year-end, which will be satisfied in the future through the use of assets or another form of economic settlement.

Accrued Salaries and Benefits represents salaries and benefits owing to or on behalf of work performed by employees, but not yet paid, at the end of the fiscal period. Amounts are payable within one year.

Accounts Payable and Accrued Liabilities include accounts payable and accrued liabilities owing to third parties for goods supplied and services rendered, but not yet paid, at the end of the fiscal period. Amounts are payable within one year.

Deferred Revenue from government transfers represents restricted grants with stipulations that give rise to a liability. The revenue is recognized as the stipulation liabilities are settled. Deferred revenue from non-government sources represents revenue related to fees or services received in advance of the fee being earned or the services being performed, and other contributions for which the contributor has placed restrictions on the use of the resources. Tuition and fee revenue is recognized as the course is delivered, revenue from contractual services is recognized as the services are delivered, and revenue from other contributions is recognized in the fiscal year in which the resources are used for the purpose specified.

Liability for Employee Future Benefits represents accumulating non-vesting sick leave benefits that accrue to the College's employees. The cost of these benefits is recorded as the benefits are earned by employees. The liability relating to these benefits is actuarially determined using the projected benefit method pro-rated on service and management's best estimate of expected sick leave usage, discount rate, inflation, salary escalation, termination and retirement rates and mortality. Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee groups. Actuarial valuations are performed periodically. Extrapolations of these valuations are made when a valuation is not done in the current fiscal year.

(f) Non-Financial Assets

Non-Financial Assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the College unless they are sold.

Tangible Capital Assets have useful lives extending beyond the accounting period, are used by the College to provide services to the public and are not intended for sale in the ordinary course of operations. Tangible capital assets are recorded at cost and include all costs directly attributable to the acquisition, design, construction, development, installation and betterment of the tangible capital asset.

The cost of depreciable tangible capital assets, net of any residual value, is amortized on a straight line-basis over their estimated useful lives as follows:

Buildings	20 years
Furniture and equipment	3 to 5 years
Computer hardware	5 years
Computer software	5 years
Vehicles	5 years
Leasehold improvements	Term of lease or useful life
Leased capital assets	Term of lease or useful life

Write-downs are accounted for as expenses in the statement of operations and accumulated surplus.

Prepaid Expenses are prepaid amounts for goods or services that will provide economic benefits in one or more future periods. The prepaid amount is recognized as an expense in the year the goods or services are consumed.

(g) Employee Pension Plans

Multi-Employer Defined Benefit Plans

The College's employees participate in one of the following multi-employer defined benefit plans:

- i) Teachers and other employees holding a teaching certificate participate in the Saskatchewan Teachers' Retirement Plan (STRP). The College's obligation for this plan is limited to collecting and remitting contributions of the employees at rates determined by the plan.
- ii) Other employees participate in the Municipal Employees' Pension Plan (MEPP). In accordance with PSA standards, the plan is accounted for as a defined contribution plan whereby the College's contributions are expensed when due.

(h) Revenue Recognition

Revenues are recorded on the accrual basis. Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues, provided the amount to be received can be reasonably estimated and collection is reasonably assured.

The College's major sources of revenue include the following:

i) Government Transfers (Grants)

Grants from governments are considered to be government transfers. Government transfers are recognized as revenues when the transfer is authorized, all eligibility criteria have been met, the amount can be estimated and collection is reasonably assured except when, and to the extent, stipulations by the transferor give rise to an obligation that meets the definition of a liability.

ii) Fees and Services

Revenues from tuition fees and other services are recognized in the year they are earned. Amounts that are restricted pursuant to legislation, regulation or agreements with external parties that may only be used in the conduct of certain programs or in the delivery of specific services and transactions are initially recorded as deferred revenue and subsequently recognized as revenue in the fiscal year the related expenses are incurred or services are performed.

iii) Interest Income

Interest is recognized on an accrual basis when it is earned.

iv) Other (Non-Government Transfer) Contributions

Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the College if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally restricted contributions that are to be held in perpetuity are recognized as revenue in the year in which they are received or committed if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions that are not held in perpetuity are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.

(i) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

(j) Contingent liabilities

Contingent liabilities are potential liabilities that may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded. If the likelihood is not determinable or an amount cannot be reasonably estimated, the contingency is disclosed in the notes to the financial statements.

3. CASH AND CASH EQUIVALENTS

Due to the short-term nature of the investments, market value of cash and cash equivalents approximates cost.

	June 30 2016	June 30 2015
Cash and bank deposits	\$ 1,564,151	\$ 1,546,152
Cash and cash equivalents	\$ 1,564,151	\$ 1,546,152

4. ACCOUNTS RECEIVABLE

All accounts receivable presented on the statement of financial position are net of any valuation allowances for doubtful accounts.

	June 30 2016	June 30 2015
Provincial government		
Advanced Education/Economy	\$ (290)	\$ (253)
Other	114,250	206,247
Federal government	284,072	64,044

Deferred revenue	\$ 302,739	\$ 97,700	\$ 274,368	\$ 126,071

9. LIABILITY FOR EMPLOYEE FUTURE BENEFITS

The College provides certain post-employment, compensated absence and termination benefits to its employees. These benefits include accumulating non-vested sick leave. The liability associated with these benefits is calculated as the present value of expected future payments pro-rated for service and is recorded as Liability for Employee Future Benefits in the statement of financial position.

Details of the employee future benefits are as follows:

	June 30 2016	June 30 2015
Actuarial valuation (extrapolation) date	(30-Jun-2016)	30-Jun-2015
Long-term assumptions used:		
Salary escalation rate (percentage)	1.50%	1.75%
Discount rate (percentage)	1.90%	2.30%
Expected average remaining service life (years)	11	11.4

	June 30 2016	June 30 2015
Liability for Employee Future Benefits		
Accrued Benefit Obligation - beginning of year	\$ 138,800	\$ 124,200

Other	6,105	28,917
Prepaid expenses	\$ 25,824	\$ 138,204

12. EMPLOYEE PENSION PLANS

Multi-Employer Defined Benefit Plans

Information on the multi-employer pension plans to which the College contributes is as follows:

i) Saskatchewan Teachers' Retirement Plan (STRP)

The STRP provides retirement benefits based on length of service and pensionable earnings.

The STRP is funded by contributions by the participating employee members and the Government of Saskatchewan. The College's obligation to the STRP is limited to collecting and remitting contributions of the employees at rates determined by the plan. Accordingly, these financial statements do not include any expense for employer contributions to this plan. Net pension assets or liabilities for this plan are not reflected in these financial statements as ultimate responsibility for retirement benefits rests with the Saskatchewan Teachers' Federation for the STRP.

Details of the contributions to this plan for the College's employees are as follows:

	2016	2015
Number of active College members	3	2
Member contribution rate (percentage of salary)	10.2%-12.4%	9.1%-11.3%
Member contributions for the year	\$ 23,444	\$ 14,977

ii) Municipal Employees' Pension Plan (MEPP)

The MEPP provides retirement benefits based on length of service and pensionable earnings.

The MEPP is funded by employer and employee contributions at rates set by the Municipal Employees' Pension Commission.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. Any actuarially determined deficiency is the responsibility of the participating employers and employees, which could affect future contribution rates and/or benefits.

The contributions to the MEPP by the participating employers are not segregated in separate accounts or restricted to provide benefits to the employees of a particular employer. As a result, individual employers are not able to identify their share of the underlying assets and liabilities, and the net pension assets or liabilities for this plan are not recognized in these financial statements. In accordance with PSA standards, the plan is accounted for as a defined contribution plan whereby the College's contributions are expensed when due.

Details of the MEPP are as follows:

	2016	2015
Number of active College members	65	68
Member contribution rate (percentage of salary)	8.15%	8.15%
College contribution rate (percentage of salary)	8.15%	8.15%
Member contributions for the year	\$ 236,290	\$ 240,518
College contributions for the year	\$ 236,290	\$ 240,518

iii) Defined Contribution Plans

The self-directed RRSP is funded equally by Staff and College. Contribution rates are the same as MEPP. Plan benefits are based on accumulated contributions and investment earnings. Under the plan, the College's obligations are limited to its contributions.

Details of the plan are as follows:

	2016	2015
Number of active College members	1	1
Member contribution rate (percentage of salary)	8.15%	8.15%
College contribution rate (percentage of salary)	8.15%	8.15%
Member contributions for the year	\$11,210	\$11,869
College contributions for the year	\$11,210	\$11,869

13. RISK MANAGEMENT

The College is exposed to financial risks from its financial assets and liabilities. These risks include credit risk, liquidity risk and market risk (consisting of interest rate risk).

i) Credit Risk

Credit risk is the risk to the College from potential non-payment of accounts receivable. The credit risk related to the College's receivables from the provincial government, federal government and their agencies are considered to be minimal. The College does not have a significant exposure to any individual customer. Management reviews accounts receivable on a case by case basis to determine if a valuation allowance is necessary to reflect an impairment in collectability.

The aging of accounts receivable at June 30, 2016, and June 30, 2015, was:

	June 30, 2016		June 30, 2015	
	Accounts Receivable	Allowance of Doubtful Accounts	Accounts Receivable	Allowance of Doubtful Accounts
Current	\$527,046	-	\$492,088	-
30-60 days	1,925	-	578	-
60-90 days	(7,150)	-	(4,923)	-
Over 90 days	90,016	-	82,264	-
Total	\$611,837	-	\$570,007	-
Net	\$611,837		\$570,007	

ii) Liquidity Risk

Liquidity risk is the risk that the College will not be able to meet its financial obligations as they come due. The College manages liquidity risk by maintaining adequate cash balances, budget practices and providing forecasts to the Board on a quarterly basis.

The following table sets out the contractual maturities of the College's financial liabilities:

	June 30, 2016	
	Within 6 months	6 months to 1 year
Accrued salaries and benefits	\$ 93,901	\$ 110,707
Accounts payable and accrued liabilities	\$ 36,061	\$ 616
Total	\$ 129,962	\$ 111,323

iii) Market Risk

The College is exposed to market risks with respect to interest rates and foreign currency exchange rates, as follows:

Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The College's interest rate exposure relates to cash and cash equivalents and credit cards. The College also has an authorized bank line of credit of \$100,000 with interest payable monthly at a rate of Royal Bank of Canada prime less 0.6%. Changes in the bank's prime rate can cause fluctuation in interest payments and cash flows. There was no balance outstanding on this credit facility as of June 30, 2016.

14. BUDGET FIGURES

Budget figures included in the financial statements were approved by the Board on May 19, 2015, and the Minister of Advanced Education on June 29, 2015.

15. RELATED PARTIES

These financial statements include transactions with related parties. The College is related to all Government of Saskatchewan ministries, agencies, boards, school divisions, health authorities, colleges and crown corporations under the common control of the Government of Saskatchewan. The College is also related to non-Crown enterprises that the Government jointly controls or significantly influences. In addition, the College is related to other non-Government organizations by virtue of its economic interest in these organizations.

(a) Related Party Transactions

Transactions with these related parties are in the normal course of operations. Amounts due to or from and the recorded amounts of transactions resulting from these transactions are included in the financial statements and the table below.

	<u>June 30</u> <u>2016</u>	<u>June 30</u> <u>2015</u>
Revenues:		
<i>Horizon School Division #205</i>	474,957	350,117
<i>Ministry of Advanced Education/Economy</i>	4,682,126	4,749,117
<i>Ministry of Finance</i>	63,694	8,777
<i>Other Regional Colleges</i>	10,752	192,574
<i>Prairie Spirit School Division</i>	28,065	37,420
<i>Prairie Valley School Division</i>	372	-

<i>Saskatchewan Polytechnic</i>	-	18,175
<i>Saskatchewan Rivers Public School Division</i>	3,993	-
<i>Other Related Parties</i>	21,266	70,563
	\$ 5,359,259	\$ 5,497,391
Expenses:		
<i>Association of Saskatchewan Regional Colleges</i>	\$ 30,363	\$ 43,267
<i>Horizon School Division #205</i>	107,007	75,563
<i>Ministry of Central Services</i>	27,571	46,482
<i>Ministry of Finance</i>	-	1,131
<i>SaskEnergy</i>	10,215	10,133
<i>SaskPower</i>	12,521	13,095
<i>SaskTel / Sask Mobility</i>	45,609	67,927
<i>Saskatchewan Workers Compensation Board</i>	14,635	9,392
<i>Saskatchewan Polytechnic</i>	480,742	720,253
<i>Tourism Saskatchewan</i>	38,600	21,730
<i>University of Regina</i>	-	2,000
<i>Other Related Parties</i>	17,277	25,028
	\$ 784,540	\$ 1,036,001

In addition, the College pays Provincial Sales Tax to the Saskatchewan Ministry of Finance on all its taxable purchases and customer sales on items that are deemed taxable. Taxes paid are recorded as part of the cost of those purchases.

The College receives long distance telephone services between major centers from SaskTel, a related party, at reduced rates available to Government agencies.

16. ACCUMULATED SURPLUS

Accumulated surplus represents the financial assets and non-financial assets of the College less liabilities. This represents the accumulated balance of net surplus arising from the operations of the College and accumulated net re-measurement gains and losses.

Certain amounts of the accumulated operating surplus, as approved by the Board, have been designated for specific future purposes. These internally restricted amounts are included in the accumulated surplus presented in the statement of financial position. Accumulated surplus from operations also includes externally restricted contributions for which the contributor has placed restrictions that the resources be held in perpetuity.

The College does not maintain separate bank accounts for the internally restricted amounts and/or externally restricted resources to be held in perpetuity.

Details of accumulated surplus are as follows:

	June 30 2015	Addition during the year	Reductions during the year	June 30 2016
Invested in Tangible Capital Assets:				
Net Book Value of Tangible Capital Assets	\$ 4,593,690	\$ 114,052	\$ 381,497	\$ 4,326,245
