# **EXECUTIVE SUMMARY**

The Multi-year Business Plan covers the three-year period from July 1, 2018 to June 30, 2021.

The plan provides an overview of the College's major strategic goals against the backdrop of the vision and goals of the Government of Saskatchewan, the Ministry of Advanced Education, and the Ministry of Immigration and Career Training. Our College goals are further broken down into specific objectives, key actions, and measures which reference the provincial goals mentioned above. In addition, given the fundamental importance of managing risk, an overview is provided of the College's risk exposure categories.

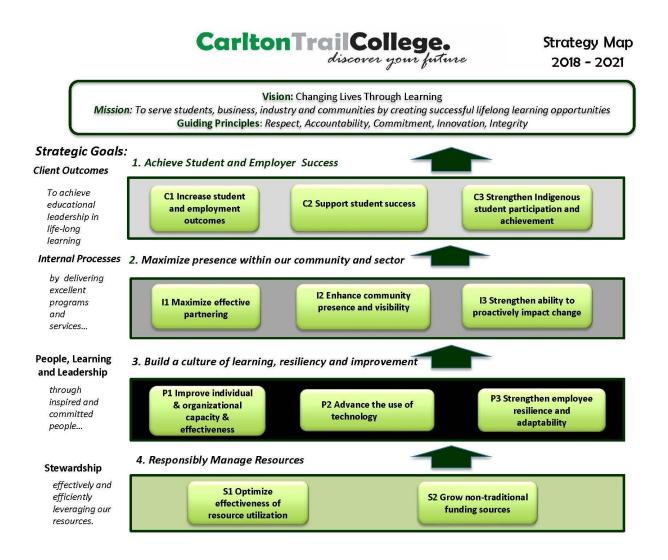

The work undertaken as a regional college system to increase efficiencies has been highlighted, noting that this good work will continue. A detailed program plan for each of the next three years is included, as is information about the 2018/19 Essential Skills for the Workplace Plan and information about forecasting Provincial Training Allowance. The Human Resource section outlines the key objectives in detail, and the College's sustainability measures and information technology plans are articulated.

Facilities and capital opportunities and challenges are presented as well as a comprehensive financial plan and detailed financial statements projected to June 30, 2019.

The Multi-Year Business Plan concludes with the inclusion of the multi-year Skills Training Allocation Program Management Plan, the Adult Basic Education Enrolment Management Plan, and the English as a Second Language Program Enrolment Plan. Finally, is the inclusion of the Essential Skills for the Workplace Proposal – Ministry of Immigration and Career Training and the Provincial Training Allowance Forecast.

Carlton Trail College's Multi-year Business Plan for 2018/19 to 2020/21 received formal Board approval at a regularly scheduled Board meeting held on May 29, 2018.

# A. STRATEGIC INITIATIVES

In early 2018, the College Board and senior leadership team undertook a Strategic Planning session to review the College's vision, mission and guiding principles and to assess its overall strategic direction and alignment with government priorities. The session resulted in an affirmation of the existing vision, mission and guiding principles as they still speak to 'who we are, what we value, and where we are going.' A refresh of the three-year strategic plan ensures a strong linkage with the Government of Saskatchewan's direction, as well as other guiding documents of the Ministries of Advanced Education, and Immigration and Career Training.

The College's vision, mission and guiding principles are:

Vision: Changing Lives Through Learning

Mission: To serve students, business, industry, and communities by creating lifelong learning opportunities

# **GUIDING PRINCIPLES:**

Respect - as demonstrated by honesty, confidentiality, the valuing of diversity, and the treatment of self and others with dignity

Accountability - as demonstrated by the acceptance of responsibility for our actions and all things entrusted to us (people, resources and environment) through open, transparent communications

Commitment - as demonstrated by caring, efficient, effective and exemplary service

Innovation - as demonstrated by our dedication to continuous improvement through lifelong learning, professional development, and the pursuit of excellence

Integrity - as demonstrated by the adherence to moral and ethical principles

# **STRATEGIC GOALS:**

- 1. Achieve student and employer success by strengthening attachments to the workforce through increasing success rates of all students, including Indigenous and other diverse groups.
- 2. Seek to maximize a presence within our community and the post-secondary sector through increased engagement and partnerships with business, industry and community, as well as seeking opportunities for collaboration and alignment with others in the post-secondary sector.
- 3. Seek to build a culture of learning, resiliency and improvement through advancing the use of technology for students and staff and strengthening employee engagement and commitment. The College will endeavor to create and lead a culture of continuous improvement.
- 4. Continue to responsibly manage resources and improve efficiencies and effectiveness and look to grow non-traditional funding sources.

Heavy Equipment Operator students

# B. GOALS, OBJECTIVES, KEY ACTIONS AND MEASURES

The College, using the balanced scorecard (BSC) method, further articulates the key goals and objectives of its strategic plan included actionable items, success measures and targets. Included under each objective in the BSC the College identifies how that objective ties into the overall direction of the Government of Saskatchewan and the ministries of Advanced Education and Immigration and Career Training. A list of the provincial government, ministry and college goals is found after the BSC.

#### Adult 12 Graduate

# **PROVINCIAL GOVERNMENT, MINISTRY AND COLLEGE PRIORITIES**

### Government of Saskatchewan Vision (SK.\*)

- 1. Sustaining growth and opportunities for Saskatchewan people
- 2. Meeting the challenges of growth
- 3. Securing a better quality of life for all Saskatchewan people
- 4. Delivering responsive and responsible government

## Ministry of Advanced Education Goals (Adv. Ed.\*)

- 1. Students succeed in post-secondary education
- 2. Meet the post-secondary education needs of the province
- 3. Saskatchewan's post-secondary sector is accountable and sustainable

## Post-Secondary Sector Expectations (PSE\*)

- 1. Accessible Offers qualified people the opportunity to attend and succeed
- 2. Responsive Meets the needs of students, communities and the economy
- 3. Sustainable Operates within available resources
- 4. Accountable Achieves expected outcomes and is transparent
- 5. Quality Meets standards and builds public confidence in the programs and services provided

## Ministry of Immigration and Career Training Goals (ICT.\*)

- 1. Employers have access to people with the right skills at the right time
- 2. Saskatchewan is an attractive place for its residents to build their careers and for interprovincial and international migration
- 3. Skilled workers adapt to changing labour market conditions and choose to advance their careers in Saskatchewan
- 4. Ensure fiscal alignment, balanced budgets and a more effective government through continuous improvements

### Carlton Trail College Goals

- 1. Achieve student and employer success
- 2. Maximize presence within our community and sector
- 3. Build a culture of learning, resiliency and improvement
- 4. Responsibly manage resources

\*The Balanced Scorecard shows, by abbreviation (SK, Adv. Ed., PSE & ICT) and respective priority, the vision and expectations that align with the College's objectives.

# **RISK MANAGEMENT**

The management of risk continues to be a fundamental part of the work that is undertaken at the College. In order to mitigate its exposure to an event that could have an impact on strategic objectives and operations, the College reviews and where necessary reassess key risks annually.

The College's risk exposure categories are:

### Program and Service Delivery

• This encompasses the entire strategic enrolment cycle; the total student experience. Included are needs assessment/relevance, planning, delivery and evaluation of programs, and services and the quality and manner in which the programs and services are delivered.

### Organizational Behaviour

• This refers to how the College manages the internal requirements of its business, extending to the organizational culture, structure and the human resources of the business including health and safety of employees and students.

#### Stakeholder Relationships and Reputation

• This includes identifying, establishing and maintaining the right relationships with both internal (employees and students) and external stakeholders (government, business, industry, communities, public). The ability to maintain positive relationships impacts the reputation of the College. The reputation depends upon the conduct of the College as a whole, the viability of our products and services, and the conduct of our board, employees and students.

### Financial/Legal

• This includes ethical stewardship and compliance with legal and regulatory standards, college policies and procedures and collective agreements.

#### Operational

• This includes the planning and delivery of daily operational activities, resources (human, physical and technology) and supports our ability to deliver programs and services.

Journeyperson Welding Upgrader Class & Instructor, 2017-2018

# C. COLLABORATIVE PLANNING

### COLLEGE OBJECTIVES 2018-2021

- 1. Maximize effective partnering
- 2. Strengthen ability to proactively impact change
- 3. Optimize effectiveness of resource utilization

The College appreciates the importance of working with others in the post-secondary sector to ensure that collaboration becomes a fundamental element of the work it does. With this, the College has incorporated collaboration as one of the objectives within its strategic plan. Inasmuch, the College will strive to take on leadership opportunities for collaboration, as well as taking advantage of such opportunities when they avail themselves.

In addition to the role the College will play in the *Task Force on Regional College Efficiency*, it has representatives on several 'college' wide committees which look to problem solve, share best practices and look for opportunities to enrich the College system. Further, each of these committees also have several subcommittees or working groups that operate with a 'systems' framework in mind. Significant savings have already occurred because of this work. Some examples of ongoing collaborative efforts underway in the regional college system are as follows:

## CEO Council

- Oversees all three system committees, ensuring that work plans and system-wide planning continues to take place and that collaborative opportunities are identified and followed up on
- Task Force on Regional College Efficiency, and related working groups

#### Senior Academic Officer Committee

- Sector Planning, Quality Assurance and related working groups
- ABE Reference Group Teams and associated working groups
- Strategic Planning for the system delivery of Primary Care Paramedic program and use of the Mobile Training lab
- Moving the SIS Applications Coordinator (BAR) to within the College system
- ESL collaboration in the negotiation process of projects with both IRCC and the provincial ministry. This also includes seeking opportunities to submit 'system' wide proposals

### Senior Business Officer Committee

- Purchasing consortium Carlton Trail College has already worked with two other colleges in the purchase of its updated accounting software system, resulting in an approximate cost savings of 10%
- Joint tendering of corporate services to create-system wide efficiencies

### Human Resource Committee

- Centralized labour relations handled internally by the Regional College HR Committee
- Mediation and investigation services handled internally by trained HR employees

# D. PROGRAM PLAN

## OBJECTIVES 2018 - 2021

With a focus on students, business and industry, program planning and related activities will focus on:

- 1. Increasing student and employment outcomes
- 2. Supporting student success
- 3. Strengthening Indigenous student participation and achievement
- 4. Maximizing effective partnering
- 5. Advancing the use of technology
- 6. Maximizing effectiveness of resource utilization
- 7. Growing non-traditional funding sources

#### Over the next three years, Carlton Trail College will:

- Focus on further developing and maintaining partnerships with regional and sector stakeholders to determine and deliver programming to meet labour market needs.
- Further engage with, and maintain strong • and collaborative relationships with Indigenous peoples and communities. By strategically applying resources to programs and services support through partnerships, the College will enhance educational and labour market programming to support training and transition to employment needs. leading increased to participation and success.
- Remain committed to engaging under-represented groups in the Saskatchewan workforce.
- Create greater accessibility for Indigenous students, as well as enhanced program efficiency to meet the needs of on-reserve students by offering programming in the Four Winds Learning

Adult Basic Education 12 students

Centre and Punnichy ABE facility. By offering this centralized location, we are better able to meet the needs of the four First Nation communities in the area and thereby increase employment readiness, skills enhancement, literacy, skills training, and ultimately the graduation rates of Indigenous learners.

- Build on current relationships and partnerships while engaging in new opportunities to evaluate the demand for services in our various communities. The College will continue to work in partnership with the First Nations communities in the area to advertise, recruit, transport and support eligible students for our various ABE programs.
- Make efficient use of the Humboldt Trades Building by scheduling all trades programs in the facility.
- Continue to target revenue generation opportunities and program partnerships through the Enterprise Division through key partnerships and the delivery of Industry credit and non-credit programming on a cost-recovery basis.

• Explore requests for university programming where an identified demand exists that St. Peter's

- College, who is affiliated with the University of Saskatchewan and is located near Humboldt, is unable or unwilling to address
- Focus on training relating to jobs in the health care, manufacturing, agriculture, human services and mining industries where there is demand
- Prepare individuals for the • forecasted job openings in Saskatchewan (2017 - 2021)due to retiring workers, as projected by the SK Ministry the Economy. The of projections are for about 13,000 net job openings in (programs trades offered include Welding, Electrician, Plumbing) and about 12,600

Food Service Cook students

net job openings in health care (programs offered include Practical Nursing, Continuing Care Assistant, Primary Care Paramedic)

- Deliver the Primary Care Paramedic and Continuing Care Assistant programs on a part-time basis to allow students to work and attend school concurrently
- Offer both Production Line and Applied Certificate Welding programs simultaneously to make more efficient use of instructor time, the facility and equipment and meet the needs of the manufacturing businesses in the region
- Be responsive to business and industry programming requirements and allocate funding for part-time programming on demand
- Ongoing engagement with business, industry and regional stakeholders including Indigenous communities will continue to result in program partnerships and inform potential changes to the future program plan. The College believes it is essential to ensure that it remains flexible to deliver programming that meets regional demand
- Apply additional emphasis to transition-to-employment programs and experiential learning opportunities
- Continue to provide ABE students significant access to Student Services for ongoing personal/crisis support and referrals, career and academic advising, and transition planning
- As identified in the Skills Training Program Management Plan B, there are a number of programs for which research is underway, with the possibility that some of them may be delivered either in 2018/19 or 2019/20

Program Management Plans are found in Appendices B, C, and D.

# **SKILLS TRAINING**

#### Continuing Care Assistant

#### **Program Information**

This program provides the knowledge and skills needed to care for others. Students receive training in gerontology, dementia management, promoting independence, working with people with different levels of physical and cognitive impairment, administering personal care, medication monitoring and more.

#### **Employment Opportunities**

Continuing Care Assistant graduates can work in a home care setting, long-term care facility, private care home, acute care facility, integrated facility, supportive housing or special needs classroom.

#### Funding sources

**Skills Training Allocation** 

#### **Program Partners**

Saskatchewan Health Authority for clinical placements.

# Labour Market Analysis

CCAs continue to be on Saskatoon Health Region's "hard to recruit" list. As of October 2016, SHR employed 2539 CCAs. With retirements and turnover, they expect 1,561 vacancies in the next five years. 430 are expected to be rural. (SHR Workforce Planning & Employment)

SaskJobs postings by occupational group in the Carlton Trail College region in 2017: monthly average = 25, up from 10 in 2016.

**CCA in Humboldt** 

# Electrician

#### **Program Information**

The Electrician Applied Certificate Program provides entry-level skills training on how to make electrical installations and perform maintenance duties according to industry standards. Trade time and academic credit may be available for graduates who find employment in the trade and register as apprentices.

#### **Employment Opportunities**

Graduates may find employment with electrical contractors, large manufacturing or mining firms and retail or wholesale outlets.

The College will continue to pay close attention to enrolments for this program, as well as demand, and may if warranted remove the program from its program plan for 2019-20.

| Projected FLEs              | 8.0      |

# Labour Market Analysis

Build Force Canada's "Construction & Maintenance Looking Forward" publication estimates that in Saskatchewan from 2019-2021, the supply of electricians meeting employer qualifications may be 'limited' to 'not generally available to meet demand.' An average of 50 retirements per year from 2017 – 2020 is predicted.

There are currently more than 85 electricians working within the region.

Electrician student skill development

# Journeyperson Welder Upgrader

#### **Program Information**

Journeyperson Welding Upgrader provides the final skills and theory development for individuals to successfully pass their Red Seal Journeyperson exam. The curriculum is accessed from Saskatchewan Polytechnic.

#### **Employment Opportunities**

Students who have completed this program, and subsequently successfully complete their Journeyperson exam, show that they meet the standard for the industry in this trade, have certification that is recognized by employers across Canada, and provide the employer with a highly skilled employee.

#### Funding sources

2017 Plumbing & Pipefitting graduating class

# Labour Market Analysis

Build Force Canada's "Construction & Maintenance Looking Forward" publication estimates that in Saskatchewan from 2019-2022, the supply of plumbers meeting employer qualifications may be 'limited' to 'not generally available to meet demand.'

An average of 33 retirements per year from 2017 – 2020 is predicted.

16 out of 29 graduates from the past three years are working as plumbers and two of these are within the region.

# **Power Engineering Technician**

## **Program Information**

This program provides practical training in boiler operations, maintenance techniques and tool usage. Students study standardized material as preparation to challenge the interprovincial Fourth Class examinations. Students acquire boiler firing time in a power lab and participate in industry work experience.

## **Employment Opportunities**

There are employment opportunities in power plants, refineries, hospitals, pulp and paper mills, breweries, mines, gas processing plants, heavy oil upgraders, fertilizer or chemical plants and more.

### Funding sources

**Skills Training Allocation** 

## **Program Partners**

Businesses in the area that provide work experience opportunities.

| Location                    | Humboldt |
|-----------------------------|----------|

| Projected FLEs              | 12.4     |

Power Engineering Students' tour of the Central Heating & Cooling Plant at the University of Saskatchewan

# Labour Market Analysis

The Power Engineering Technology program at Saskatchewan Polytechnic is deemed a high demand program.

Employers within the region include agricultural processing plants, potash mines, hog production facilities, health region, and SaskPower.

# Power Engineering 3rd Class Theory

#### **Program Information**

This offering is the theory portion of the Sask Polytech Power Engineering (Third Class) Program. Lab experience is not included.

#### **Employment Opportunities**

There are employment opportunities in power plants, refineries, hospitals, pulp and paper mills, breweries, mines, gas processing plants, heavy oil upgraders, fertilizer or chemical plants and more.

#### Funding sources

**Skills Training Allocation** 

#### **Program Partners**

Businesses in the area that provide work experience opportunities.

| Location                    | Humboldt |
|-----------------------------|----------|
| Program Length (days)       | 70       |
| Enrolment Capacity          | 12       |
| Projected Enrolment         | 8        |
| Projected Participant Hours | 420      |
| Projected FLEs              | 5        |

# Labour Market Analysis

In consultation with regional industry, it was noted that individuals with their Class 3 Power Engineering generally receive preference in hiring over those with Class 4.

As the Power Engineering Technology program at Saskatchewan Polytechnic is in such high demand, offering the Class 3 theory portion of the diploma program allows students another means by which to increase their skill level, their employability prospects, and ultimately their connection to the workforce.

Power Engineering Students work placement

# **Practical Nursing**

#### **Program Information**

Students study the principles of primary health care, anatomy, physiology, pharmacology, administration of medications, health and healing, health challenges, health assessment and praxis and sociology. They then integrate theory into practice while providing holistic care to individuals requiring curative and restorative nursing care.

#### **Employment Opportunities**

PNs work in acute-care or rehabilitation hospitals, medical centres, long-term care and homecare. They work in areas such as gerontology, maternal-child, medical, mental health, palliative, pediatric, rehabilitation or surgical nursing.

#### Funding sources

**Skills Training Allocation** 

#### **Program Partners**

Saskatchewan Health Authority for clinical placements.

| Projected FLEs                   | 20.7    |

# Labour Market Analysis

 $\bullet$   $\bullet$   $\bullet$ 

As of October 2016, Saskatoon Health Region employed 823 PNs. With retirements and turnover, they expect 347 vacancies in the next five years. Forty are expected to be rural. (SHR Workforce Planning & Employment)

Practical Nurses continue to be on the Saskatoon Health Region's "Hard to Recruit" list, especially for rural areas.

SaskJobs postings by occupational group in the Carlton Trail College region in 2016: monthly average = five.

Practical Nursing Students

# **Primary Care Paramedic**

#### **Program Information**

This program emphasizes authentic hands-on training in pre-hospital emergency care. The focus is on medical and trauma injuries, mental health issues, physical assessments of various body systems, cardiac and respiratory emergencies and much more. Graduates are eligible to write the provincial licensing exam for registration with the Saskatchewan College of Paramedics.

#### **Employment Opportunities**

Primary care paramedic skills are in demand by ambulance, air ambulance and fire protection services as well as the military, mine sites, industrial manufacturing, milling and processing sites.

#### Funding sources

**Skills Training Allocation** 

#### **Program Partners**

Saskatchewan Health Authority for clinical placements.

| Location                    | Humboldt |
|-----------------------------|----------|
| Program Length (2018/19)    | 90       |
| Enrolment Capacity          | 12       |

Welding students building resume skills

# Adult Basic Education

Level 3 and 4 (Credit)

## 2018-2019

• The College will offer Level 4 programming in Humboldt, Wynyard, Wakaw and Punnichy, and Level 3 programming in Punnichy. Acknowledging limited resources and based on previous year intakes, waitlists, program outcomes, and identified

community need, the level 3 program in Wakaw has been removed from the program plan and the seats in the level 4 program have been increased as to not negatively impact the FLEs being offered in the Wakaw area.

• The College will work collectively with the postsecondary system to explore potential bridging programming and resources.

Wynyard Adult 12 Student Wynyard Bakery work placement

# Labour Market Analysis

About 55% of 2017 job postings on SaskJobs in the College regions required Grade 12 completion.

According to the Labour Demand Outlook 2017-2021 35% of job openings require either high school completion or on-the-job training with less than high school completion.

When literacy and essential skills are enhanced so are learners levels of selfconfidence, ability to acquire new skills, engagement and ownership of work. An increase in literacy and essential skills has a direct and positive impact on increased labour productivity (www.abclifeliteracy.ca).

| ABE Level 4                    |          |       |          |         |
|--------------------------------|----------|-------|----------|---------|

| Projected FLEs                 | 23.8     | 23.8  | 21.1     | 15.8    |

#### 2019-2021

• The College will continue to review ongoing and future need in our service area to determine upcoming Level 3 and 4 programming. As the costs to run programming grows, decisions will also be made dependent on available funding options. As always, the College will deliver the ABE level that best suits the demands of learners and the labour market.

#### Level 1 and 2 (Non-Credit)

#### 2018-2019

- The College will offer three Essential Skills for the Workplace (ABE-ESWP) programs, located in One Arrow First Nation, Punnichy (George Gordon First Nation, Kawacatoose First Nation, Daystar First Nation and Muskowekwan First Nation) and Humboldt.
- In partnership with Fishing Lake First Nation, the College will offer "Skills for Success – Workplace Readiness," a workplace essential skills program that links participants to the workplace by building workplace/job readiness skills.
- In partnership with One Arrow First Nation, the College also intends to offer a Level 1 literacy program.
- The College is assessing the need to deliver an additional ABE-Employability Skills program in 2018-19. If the plan moves forward, money will be accessed through an existing ABE funding surplus.

| ABE Level 1/2                  |      |       |          |        |
|--------------------------------|------|-------|----------|--------|

| Projected Participant<br>Hours | 240  | 120   | 120      | 348    |
| Projected FLEs                 | 2.1  | 2.4   | 2.4      | 6.0    |

### 2019-2021

- The College will continue to review its "Transition to Employment/Post-Secondary" programs to determine if there is a need for expansion of this program to the Humboldt area.
- Working with community and First Nations partners, the College will seek to determine the potential need for lower level literacy (Level 1-2) programs within its service area.

Labour Market Analysis

As outlined by the Conference Board of Canada (2007) "there is a growing awareness that literacy skills are not 'fixed' forever – individuals can lose skills...or they can gain skills, through practice and additional training" (The Economic Benefits of Improving Literacy Skills in the Workplace, p.1).

# **Essential Skills for the Workplace Plan**

The focus is to create opportunities for participants to increase their workplace employability and essential skills development, to prepare for ongoing sustainable engagement to the workplace, and to assist employers in their need to hire and retain workers. This program will help to identify and increase the labour market participation of First Nation and Métis learners and other under-represented population groups. The programs will concentrate on the participants' personal growth, essential and employability skill development, skill development in the service industry, certifications in relevant areas, and a 60-hour work placement. The College, in an attempt to assist with participants' ongoing engagement to the work force. will provide access to а Student Advisor/Transition to Employment Coach throughout the program. This support will result in stronger longterm attachment to the labour market.

**Punnichy Essential Skills Program** 

The proposal is found in Appendix E.

| Essential Skills for the Workplace |      |          |          |  |

# **Provincial Training Allowance**

For the 2018/19 program year and beyond, the Ministry of Immigration and Career and Training has changed the means by which it will allocate PTA to institutions. In order to ensure equitable access of PTA dollars for ABE learners across the province, the Ministry seeks to understand each institutions' practices as it relates to the managing and monitoring of PTA. The following sets out answers to the questions posed by the Ministry.

#### Managing Shadow Allocation

The shadow allocation for Carlton Trail College has been sufficient to meet the needs of students within eligible programs. Monthly paid/committed reports are reviewed to ensure we remain within allocation. Students within eligible programs are not prioritized, as all students should have equitable access to funding. When it becomes clear that unused funds within the allocation can be made available for additional STA programs, Program Managers meet to discuss and determine which programs may be eligible.

### Forecasting PTA Allocation

Previously, the College used the following calculation for forecast:

- # Program seats x # of months of programming x \$1300.
- The College did not estimate by location.

#### Monitoring PTA Allocation

The *Paid/Committed* report was reviewed on a monthly basis to ensure the College was operating within its shadow allocation.

The 2018/19 PTA Forecast Request is found in Appendix F.

ABE Adult 12 Graduates from Wakaw

# **Supporting Newcomers**

• Immigration will continue to be the largest growth factor for the Canadian population. This growing newcomer population requires increased literacy services to help transition newcomers to community life and to becoming valuable members of the workforce. Our English as a Subsequent Language (ESL) programming will speak to both the Ministry of the Economy's goals of helping to ensure

Newcomers can fully use their skills and work collaboratively with the provincial and federal investments to ensure outcomes for all partners are met.

The College will maintain its work • with Immigration, Refugees and Citizenship Canada (IRCC) and the Ministry of Immigration and Career Training to offer agreed upon programs that meet the needs of the Newcomer population. growing Where a new need is identified, the College intends to submit innovative applications for additional funding to meet these needs to ensure that all rural ESL learners have equitable access to services.

**ESL Students in Humboldt** 

#### 2018/2019

- Carlton Trail College's approved programs for 2018/19 includes six PBLA classes, three Blended Classes, four Drop in Classes and LINC Home Study/Online English. With many newcomers in the area living in rural and remote locations, and high numbers working shift-work, these class formats offer more flexibility. They also speak to some of the barriers individuals face when attending language training. The class options will be evaluated regularly to ensure these formats are meeting the language needs of students.
- The College will continue to offer the Canadian Academic Language Proficiency (CAEL) exam, designed to test the level of English language proficiency for those planning to study in post-secondary institution. There are plans to move to the online CAEL CE (Computer Edition).

#### 2019/2020 and 2020/2021

- The College will continue to take into account the parameters set by IRCC to determine regional demands that meet project requirements. We will work with IRCC to renegotiate contracts to ensure we are best meeting the needs of newcomers' language training.
- Planned programming based on allowed budget submission for 2019/20 include: four PBLA Classes, three Learn IT2 Teach Classes and one Drop-in Class. Negotiations for the next three fiscal years, by way of IRCC Requests for Proposals, will begin in January 2019.

# **Student Services**

Our Student Service team plays a multi-faceted and integral role in facilitating learner success and improving program outcomes by:

- Assisting with transition to further academic attainment and/or meaningful employment
- Providing early intervention and prevention services (learning issues, academic concerns, mental health issues, financial challenges and other barriers)
- Offering holistic and collaborative supports through providing links and referrals to other community supports
- Providing crisis intervention to address personal and academic barriers

Student Services provides the following wide array of personalized confidential supports offered on a one-onone basis or group setting:

| Academic      | Program planning   |
|---------------|--|
| Advising      | Academic progress  |
|               | Application assistance                                       |

# **E. HUMAN RESOURCES**

# COLLEGE OBJECTIVES 2018-2021

The Human Resources Plan is focused on the three overarching objectives:

- 1. Continue improving individual and organization capacity and effectiveness
- 2. Advance the use of technology
- 3. Strengthen employee resilience and adaptability

## HR TRENDS AND CHALLENGES

- The Human Resources plan seeks to establish a vision and direction, not only for human resources effectiveness, but for overall organizational effectiveness. The focus of our Human Resources Strategy is to ensure that we have an adaptable, resilient and flexible workforce.
- Over the next three years, organizational challenges that have implications on our workforce and our organization must be addressed. How we respond to those challenges will determine how we maximize our organizational capacity, respond to our learners, empower our employees and position Carlton Trail as an employer of choice.

## Aligning Human Resources with the Strategic Plan

- As outlined in the new 2018-2021 Strategic Plan, Carlton Trail College continues to be committed to learning and leadership throughout the entire organization. Our Strategic Plan focuses on building organizational culture, advancing the use of technology and strengthening employee engagement and commitment. The College will endeavor to lead a culture of continuous improvement and develop a cultural strategy that aligns with that strategic goal.
- In the last couple of years the College has seen a decrease to Human Resources capital through attrition, office closures and realignment of employees. As a result, the College will now be able to position itself to better support the personal and professional development of our employees.

Students participating in Bell Let's Talk

Although there is added pressure to our staffing capacity due to the measures that have been taken, it is a tenable situation and the College continues to meet operational requirements during these uncertain times. Staffing projections will be at approximately 29 FTE for 2018-2021 fiscal years.

#### Creating an Adaptable and Resilient Organization

• The College continues to experience changes related to programming, technology, staffing and government expectations. This fast-paced environment requires the College to be nimble, providing systems and structures that are flexible and adaptive. As a result, the strategy will also focus on the mental health and wellness of our employees. Culture is built on the employee's ability to be resilient and cope with change. Employees will be given the tools and the skills to adapt and move with the changing environment. We will also continue to grow our environment to align with our core values of integrity, accountability, and commitment.

### Promoting Employee Engagement

• The College will continue to expand opportunities to drive passion and engagement in the workforce. It will provide information, resources and services to employees which promote collaboration,

connection and commitment to their work and the strategic goals of the organization.

Carlton Trail will • continue to encourage staff members to continue to access the Professional Development program. It is an integral part of learning and leadership across the organization. Employees continue to be actively involved and interested in the success of our students and the College.

• Alignment of operational efficiencies will allow the College to hold two staff in-

Staff participating in the "Blanket Exercise" to explore the nation-to-nation relationship between Indigenous and non-Indigenous Canadians

service events in 18-19. These events remain very important to the College and to the growth and development of our staff. The focus of training for the next fiscal year will align with our culture strategy of resiliency and adaptability as well as cultural awareness and diversity.

• Employee growth and development will continue to be enhanced by providing ongoing performance feedback to staff, including the development of individual training plans. Staff will be provided encouragement and support as they continue to be challenged. Our strategic plan will emphasize the need to work together and across the organization. This will allow for knowledge sharing, less duplication of efforts, and improve our leadership capacity and our overall organization efficiency and effectiveness.

#### Maximizing Labour Negotiations

• The current Collective Bargaining Agreement expired on August 31, 2016. The Regional Colleges and SGEU are currently at the bargaining table. The Regional Colleges will continue to ensure the agreement aligns with our current and anticipated economic conditions and operational needs. Changes to the Saskatchewan Employment Act and to the structure of the Regional Colleges' labour relations capacity will require increased communication regarding changes and continued collaboration in order to maintain position employee, employer relationships.

#### Enhancing and Expanding Strategic Partnerships

The College continues to make great progress developing meaningful in relationships with Indigenous communities in the area. All programming, including Adult Basic Education, remains extremely important to the College and we will continue to support these programs. In December 2017, the College celebrated the grand opening of the Four Winds Learning Centre in Punnichy. The relationships that were garnered through the renovation and grand opening were monumental. Employees involved in the process developed positive. long-lasting

Staff Donation to Humboldt and District Food Bank

relationships with the Village of Punnichy and the Indigenous communities in the area. These relationships directly correlate with the success of our students and our programs.

• The College recognizes the needs of all the regional areas that it serves. The College remains committed to those areas that do not have easy access to a regional office and is working with school community councils and local business and industry to connect with all communities across our region. Meeting the needs of the students in the regional area of our province remain imperative to the success of Saskatchewan residents and more importantly, the link to employment.

#### Deploying New Approaches to Recruitment

• The hiring process at the College remains high priority. The College will ensure that we have a

qualified and skilled workforce administering and delivering its programs. However, the ever-changing employment environment with social media, competing employment choices and changing skill-set demand will require the College to institute innovative marketing and communication strategies to attract and recruit qualified candidates. The College remains a soughtafter employer in the area and has an extremely low turnover rate due to the investment that has been made in employees and the College's recruitment efforts over the last number of years.

#### Advancing Technology

• As our students, staff and business partners become increasingly tech-savvy, the College

Adult Basic Education Student Experience Day

will use its resources to expand technology through mobile and cloud-based services. We will deploy a number of web-based services for our current and future employees to access information and resources on demand.

## F. SUSTAINABILITY MEASURES

### COLLEGE OBJECTIVES

The College has focused the following strategic objectives to ensure the long-term sustainability of the College through:

- 1. Maximize effective partnering
- 2. Strengthen the ability to proactively impact change
- 3. Improve individual and organizational capacity and effectiveness
- 4. Advance the use of technology
- 5. Optimize effectiveness of resource utilization
- 6. Grow non-traditional funding sources

During current and subsequent years, the College will continue to focus on the following sustainability measures:

- 1. Maintaining human resource numbers that best align with overall strategic objectives of the College. Vacancy management will be considered as an option where there is minimal impact to students
- 2. Reallocation of program and administrative supports to areas of greatest need
- 3. Greater use of distance technology for both instruction and administration
- 4. A planned "draw down" of unrestricted reserves to 3% of operating budget
- 5. A careful and complete cataloguing and ongoing monitoring of all College assets
- 6. Development and implementation of a comprehensive maintenance plan for all College assets
- 7. A continued emphasis on growing revenues through partnerships with business, industry, communities and other stakeholders throughout our region
- 8. A continued effort to avail ourselves of federal and provincial funding opportunities provided through project proposals, with the caveat that such proposals are sustainable or have a definite time frame requiring no future commitment of College resources
- 9. Participate in system-wide opportunities for joint tendering, collaboration and best practices as it relates to improvements for organizational and sector enhancements and efficiencies
- 10. Continued focus on ensuring continuous improvement is a fundamental tenet of all facets of the operations of the College. The senior leadership team and managers will be undertaking *Executive Leadership Improvement Training (ELIT)* from the Manager, Continuous Improvement and Innovation, Ministry of Advanced Education in order to build internal capacity and embed the tools of continuous improvement institutionally.

## G. INFORMATION TECHNOLOGY

## COLLECE OBJECTIVES

- 1. Advance the use of technology
- 2. Support student success
- 3. Improve individual and organizational capacity and effectiveness
- 4. Optimize effectiveness of resource utilization

### Learning and Teaching

- The use of technology in support of learning and teaching continues to evolve at Carlton Trail College. In collaboration with the instructional and management staff, the College continually looks at ways to improve learning and technology in the classroom.
- The College will be investing in the *Chalk* Learning Management System beginning in the fall of 2018. Chalk is a digital learning management system that will enable our staff to work with, communicate and track student progress and initiatives.
- Office Administration program will continue to use *Netop Vision Pro*. This software allows instructors to manage their classes, particularly during exams where they are able to monitor their students' screens as they accomplish their work. The software also has the ability to share the teacher's screens, showcase students, customize students' web access and start or shutdown student computers in a group, to name a few.
- The College will continue to use Smart Board technology, the Mimio interactive projector and document cameras for interactive teaching and learning in all classrooms. The IT department will provide support and training for these applications to improve access, ease of use and to successfully integrate these technologies into the classroom.
- The College will continue to develop a greater social network presence and it becomes incumbent on the College to ensure that the media is updated on a regular basis. It is imperative that the College keep up with technology advancements in order to meet the diverse and ever-changing needs of our students.

### **Customer Service**

• A supportive environment where students and staff have valuable, adaptable, learner-centered and personalized experiences, is key to our success. The College will continue to review and improve its technologies to ensure a culture of service and support within the organization is achieved. The IT department will be given the opportunity to access professional development opportunities to ensure they are up-skilled and able to provide the necessary supports to our staff and students.

### Security

- Our security initiatives will focus on anti-virus software that ensures the confidentiality and integrity of our resources. We will continue to enhance our security and network infrastructure and technology and update our privacy and IT policies as needed.
- The network backups will continue to be stored off-site via internet to a company in Saskatoon while the College transitions to the Azure Cloud platform.

#### Infrastructure

- An adaptable and agile infrastructure upon which information technology can deliver services to the college region and meet the needs of our staff and students remains one of our key goals. Virtualization and cloud-based computing continue to influence and shape what and how we deliver technology to our users. We will continue to explore and leverage new technologies when appropriate to enhance the IT infrastructure.
- The College has embarked on four major infrastructure upgrades which include:
  - a) Server Migration
  - b) Microsoft Exchange Migration
  - c) An Inter-Site Communication Project
  - d) Azure Migration
- The College's plan to move to Microsoft Azure is well underway and almost complete. Azure is Microsoft's Cloud Platform which is a growing collection of integrated services-compute, storage, data, networking and applications. Our services will be upgraded to the newest server platforms implementing Microsoft's virtual platform in order to make our system the most compatible as possible with Azure. A switch to Microsoft Office 365 will also be integrated into the move. Microsoft Customer Relationship Management (CRM) is a feature included in Office 365 that the College may invest in as it gives the College a tool to use to help track potential students and alumni. The College expects to have the Azure platform integrated and useable by staff by June 2018.
- The College will be updating their Wi-Fi routers in the Humboldt location and partnership with the Horizon School Division. This will improve Wi-Fi connectivity throughout the building and to regional offices and classrooms, enhance our ability to virtually troubleshoot issues, and monitor printer and traffic on our systems.
- The College continues to enroll in the Microsoft licensing package for higher education. The advantage is the freedom of upgrading at any time to the most current version of Microsoft software.

#### Moving Forward

• As IT infrastructure continues to evolve at a rapid pace, research and implementation of new technologies and educational applications is becoming more important than ever. The College will develop an IT strategy that is current, up-to-date and that continually meets the ever-changing needs of our users.

## H. FACILITIES AND CAPITAL

## Facilities Owned, Rented and Leased

| Descriptor                    | Address  | Sq. M | Owned/<br>Leased | Lessor   | Term expiry | Annual<br>Rent | Occupancy<br>Plan |

| Totals   |                |                                |             | \$85,000  |             |                  |        | \$85,000 |  |

\*The Humboldt welding shop projects can be implemented on short notice should excess funds become available.

#### Facilities and Capital Overview

- The short-term leased facilities used to deliver programs in several communities throughout the College's region vary tremendously in quality and suitability for educational use. Steps continue to be undertaken to ensure appropriate facility standards. Increased program requests by First Nation communities in the College region puts pressure on staff to find suitable available education and training facilities. The College's Facilities Technician helps to address these concerns along with maintaining College vehicles, equipment and facilities, thereby ensuring the safety of staff and students.
- Both One Arrow First Nation and Fishing Lake First Nation have built new facilities that have commercial kitchens and some additional training spaces. The College is delivering Food Service Cook courses in both locations now that an appropriate facility is available. These spaces also open the opportunity for additional future training.
- Parking lot maintenance at the College facilities is an ongoing issue.

#### HUMBOLDT

• The welding shop is in a good state of repair, with the space continuing to be used by both the College and local high school. Ongoing maintenance of this facility must continue to be a priority including interior cleaning of upper duct work, ceilings and ledges being completed every few years. In 2018/19 the College plans to have the following programs in this facility: Welding (High School, Applied Certificate, Production Line and Journey-Person Upgrader), Plumbing/Pipefitting and Electrician. The Electrician course is being moved from a rented facility in Watrous to Humboldt to fully use a facility that the College owns. Some work will need to be done to accommodate the electrician lab.

#### PUNNICHY

• The newly named Four Winds Learning Centre is a fantastic space for delivering programming, and will continue to be utilized for programming purposes.

#### WAKAW

• The office and classrooms are of adequate quality and, for the most part, are meeting our programing needs. However, space does continue to be an issue. The College continues to investigate options for a larger space, but may need to submit a request for capital funding at a later date.

#### WATROUS AND WYNYARD

• The office and classroom spaces in these locations are of good quality and are meeting the College's programing needs.

**Practical Nursing Students in Watrous** 

## I. FINANCIAL PLAN

#### PART 1. PROJECTED BUSINESS PLAN FINANCIAL STATEMENTS AND KEY ASSUMPTIONS

#### Key Assumptions

- The current Collective Agreement expired August 31, 2016. The College has incorporated estimated collective agreement increases in the 2018 2021 Multi-year Business Plan budget in line with the original proposal presented to the public service commission in April 2018. While this proposal was subsequently voted down, the College believes it is imperative to estimate potential cost increases resulting from collective bargaining.
- In order to align the operations of the College to meet ongoing fiscal restraint, the College will continue with vacancy management where appropriate. Emphasis will also continue on expenditure reduction and seeking opportunities to work with partners to find efficiencies.
- Industry Canada has funded the Youth Internship Program for the past 20 plus years, contracting with the College to administer the Saskatchewan project. This program did not proceed for the 2017/18 fiscal year. A new program has replaced the Youth Internship Program. The College did review the guidelines for the new program and after careful consideration made the decision to not apply to administer it.
- Some aggressive targets have been set to generate revenue from non-traditional sources.

#### Part 2: FINANCIAL IMPACTS OF IDENTIFIABLE RISKS

- In the last several years, the College has been actively working with its First Nation communities to provide the delivery of Skills Training programs. However, limited program funding has necessitated a cost recovery or partnership approach to the delivery of many of these programs; if the respective First Nation is unable to provide funding (whether alone or in partnership with another agency), the program is unlikely to be delivered. Similarly, programming for the Punnichy Community High School is totally dependent upon funding through agencies such as Aboriginal Affairs and Northern Development Canada (AANDC) and the Horizon School Division.
- The 2018/19 program plan anticipates an administrative recovery of \$55,700 from cost-recovery programming through partnerships with business, industry and First Nation communities.
- Grant funds in support of learners to enroll in Adult Basic Education while eligible for K-12 are highly variable (targeted at \$220,000 in 2018/19) and are entirely dependent upon eligible registrants as at September 30. The targeted number takes into account an expectation that funding from the school divisions per student will be status quo as a result of the April 2018 provincial budget.
- Human resources represent the largest single budget item. Vacancy management will continue where possible, while ensuring that impacts to students are mitigated.
- As the College incorporates an increased focus on entrepreneurial revenue generation, staff training, especially those who are engaged in community-based programming, will be necessary. In-service training costs will rise in the future to support succession planning where feasible and to reduce the College's vulnerability to a lack of redundancy (e.g., OCSM expertise is largely vested in one individual).

#### Part 3: SURPLUS UTILIZATION/DEFICIT MANAGEMENT PLAN

Unearned, or deferred, revenues are expected to be \$175,000 at June 30, 2018. At the end of 2018/19 fiscal year, these funds are expected to decrease to \$150,000.

| SCHEDULE OF DEFERRED / UNEARNED REVENUE |             |  |  |  |  |  |  |
|---|-------------|--|--|--|--|--|--|
| Details First Nation Funding            |             |  |  |  |  |  |  |
| Estimated Balance July 1/18             | \$120,000   |  |  |  |  |  |  |
| 2018/19 Budget                          | \$50,000    |  |  |  |  |  |  |
| 2018/19 Projected Expenditures          | <\$120,000> |  |  |  |  |  |  |
| Estimated Balance July 1/19 \$50,000    |             |  |  |  |  |  |  |

The funds remaining in the deferred revenue are used on a revolving basis so that the balance will change from year to year depending on program partnerships.

The unrestricted operating surplus has steadily declined over the past couple years. The College has utilized most of the funds available as one-time purchases. By June 30, 2018, the balance of this fund is expected to be at \$464,417. This is higher than the Ministry target of 3% of revenues. With the restrictions on spending reserves and unrestricted surplus funds this past fiscal year, in conjunction with cost cutting measures, this reserve did increase. Funds above the 3% will be targeted towards major expenditures over the next two to three years such as equipment, vehicles, and software as noted in the following schedule. Once actual results for June 2018 fiscal year are known after the audit is completed, the College will target excess funds. The remaining balance will be slightly higher than the targeted 3%; however, given the current economic times it is important to have these funds available if needed.

|   |   | Carlton Trail Coll<br>chedule of Accum<br>June 30, 2019 | 0   |                           |
|---|---|---|---|---------------------------|
| Internally Restricted<br>Operating Surplus                                | Statement of Purpose  | Amount  | Time Frame  | June 30, 2019<br>Forecast |

| There are currently no<br>capital projects under<br>consideration         |   |   |   | -                         |
| Other:  |   |   |   |                           |
| Information Technology  | \$40,000 has been set aside for a server replacement in the<br>event one is needed. We are assessing the impact of<br>Cloud computing on our need for a new server.   | 93,200  | Server upgrade/replacement – 2021/22<br>IT Infrastructure – ongoing   | 93,200                    |
|   | Additional funds are targeted for IT infrastructure needs (\$35K) and photocopier (\$18.2 K) upgrade at the Four Winds Learning Centre, Watrous, and Wakaw.   |   | Photocopiers  |                           |
| Accounting software<br>upgrades and<br>enhancements                       | The current accounting software package was upgraded<br>in 2017/18. The full amount set aside was not utilized<br>during the current upgrade, so the remaining dollars will<br>be utilized either for the purchase of products or<br>enhancements to our existing accounting software (if a<br>need is identified), or will be used for the next<br>accounting upgrade. | 25,000  | Software enhancements may be considered over the next 3 years.<br>(2018/19 to 2020/21)<br>Accounting software upgrade will be required in 3 years (2020/21)   | 25,000                    |
| Customer Relationship<br>Management (CRM)<br>system/SIS System<br>upgrade | College would like to purchase a CRM that will be able<br>to track potential student information from the first point<br>of contact to program application, and engagement with<br>regional stakeholders for programming initiatives and<br>potential scholarship support.  | 50,000  | Once the College is on the Microsoft Cloud platform (end of 2017/18 fiscal year) we will investigate suitable Microsoft products (e.g. Microsoft Dynamics CRM). If there is an opportunity for collaboration with other regional colleges for use of the product that will result in savings, these opportunities will be sought out. | 50,000                    |
|   | Money in this area will also be set aside in the event that<br>system-wide upgrades of SIS are undertaken (or to<br>support transition to the Banner system if that is to be<br>undertaken)   |   | Timelines (1 to 3 years) will be dependent on the outcomes of the<br>Student Information System Working Group (subcommittee of the<br>Regional College Task Force)  |                           |
| Learning Enhanced<br>Technology   | Smart boards, video conferencing, technology to aid in the classroom.   | 18,617  | Replacement of smart boards as they become obsolete or are not repairable   | 18,617                    |
| Professional<br>Development   | 1% of staff salary placed into a reserve to provide<br>training for their professional development. Each<br>employee can accrue up to three years of PD.  | 60,073  | Funds are in and out on a revolving basis so this will never get to zero  | 60,073                    |

| Vehicles  | The College sets aside \$15,000 per year for the replacement of College vehicles. The College currently owns seven vehicles and requires funds to replace units as needed. The College would like to be in the position of replacing one unit per year at a cost of approximately \$35,000.  | 109,424 | Funds are in and out on a revolving basis so this will never get to zero  | 79,424  |
|---|--|---------|---|---------|
|   | \$45,000 is anticipated to be spent this year to replace the truck that the College uses for hauling equipment and pulling our cargo trailer.  |         |   |         |
| Scholarship - BHP<br>Billiton Limited                       | The College administers a scholarship fund for BHP<br>Billiton Limited. Annually the College receives \$65,000<br>from BHP to be awarded to individuals from 11 local<br>high schools and six First Nation communities within a<br>set radius of the BHP Jansen mine. Any funds not used<br>are kept in a separate reserve and bank account that<br>collects interest. A plan is in place with BHP to utilize<br>carry-forward funds.  | 116,660 | Funds are in and out on a revolving basis so this will never get to zero.   | 116,660 |
| Scholarship -<br>Saskatchewan Innovation<br>and Opportunity | The College generated scholarship funds along with matching funds from the Ministry.   | 131,196 | Funds are in and out on a revolving basis so this will never get to zero.   | 128,836 |
| Programming:  |  |         |   |         |
| English as a Second<br>Language                             | These funds are being utilized on an as-needed basis. If<br>there is demand on short notice for programming to meet<br>a need, these funds are accessed. The demand shifts<br>based on a variety of factors such as local economy and<br>its impact on immigration which triggers training needs.  | 96,448  | 2017/18   | 83,598  |
| Skills Training<br>Allocation                               | In order to best support our partners, such as our regional<br>First Nation communities, the College endeavours to set<br>aside a sum of money to support training requests that<br>arise throughout the year.<br>Work is currently being done to look to add an additional<br>full-time program to our program plan for 2019/20. That<br>said, we are cognizant that any additions of new<br>programs are not sustainable in the long term, and that<br>eventually an existing program will need to be taken off<br>the menu. | 230,589 | <ul><li>Plan to draw down this surplus in 2018/19, and 2019/20 leaving a small surplus to support partner needs.</li><li>Within the STA Program Management Plan, <i>Plan B</i> identifies some programs that the College will seek out to deliver in 2018/19 (or is researching for 2019/20) in addition to those programs identified in <i>Plan A</i>.</li></ul> | 230,589 |
| Adult Basic Education                                       | The College is assessing the need for the delivery of an additional ABE-Employability Skills program (similar to ESWP) for 2018/19.  | 84,585  | Plan to deliver an additional ABE – Employability Skills program in the Punnichy location. Work is underway to assess the need for this. Surplus of ABE will be fully utilized by the end of 2019/20.   | 84,585  |

| Adult Basic Education -<br>Essential Skills for the<br>Workplace | The shift to adding \$200,000 direct to our programming<br>grant as opposed to Colleges applying and receiving<br>contract funding will result in a onetime \$50,000<br>injection of funding. This is for the period of April to<br>June 2018. | 50,000      | 2018/19   | 30,125      |
|--|--|-------------|---|-------------|
| Adult Basic Education -<br>On Reserve                            | Due to fiscal restraint the College chose not to access these funds as planned in 2017-2018.   | 154,560     | The College is assessing the need for on-reserve programming and will develop a plan to utilize these funds by June 2021. | 154,560     |
| Total Internally<br>Restricted                                   |  | \$1,220,352 |   | \$1,155,267 |
|  |  |             |   |             |

|  |  |             |   |             |
| Accumulated Surplus<br>from Operations                           |  | \$1,684,769 |   | \$1,604,684 |

## J. FINANCIAL PLANNING (2017/2018 AND 2018/2019)

## & GOVERNMENT BUDGET INPUT

With the fiscal restraint measures in place the past couple of fiscal years, the College has ended up in a positive financial situation with a high level of unrestricted surplus. This will allow the College to weather the storm until the provincial economy fully recovers. Without this healthy surplus, the College would be targeting to achieve a \$100,000 surplus each fiscal year to cover equipment replacements and facility maintenance. The College is fully aware that the upcoming fiscal years, given the Provincial Government deficit and messaging, we must ensure we are in a financial position to endure potential funding cuts or status-quo budgets which require us to fund collective bargaining costs and MEPP increases from our current resources.

The College is pleased to see our Skills Training Allocation stabilized at \$1,000,000. The stable funding allows the College to better plan for future programming. The changes to eligible verses ineligible expenses for programming should help to provide clarity to expenditures and consistency in application throughout the system. It would be nice to see the programming funds set at a base amount and increased slightly each year to cover inflation and CBA costs. If this is not possible, having the ability to apply for additional funds to meet industry needs would be a welcome addition. The changes to brokerage costs is a welcomed surprise and should allow the College to be more competitive when bidding for training contracts with organizations in our region.

#### Status Quo Programs/Services for 2019/20 and 2020/21

| Table 1 Expenditure Level Template        | 2016-17   | 2017-18   | 2017-18   | Year 1    | Year 2    | Year 3    |

| Annual Operating (Deficit) Surplus        | (113,393) | (227,760) | 62,780    | (261,335) | (355,875) | (250,192) |

The transition to move four managers from In-scope to out of scope became official May 1, 2016

Included Potential collective Agreement costs

1% on operating expenses for 2020/21

2 % tuition increase for 2020/21

Benefits reflect a planned increase for MEPP from 8.15% to 9% effective July 1, 2018

Big difference in other salaries is the discontinuation of the SASKYI program in 2017/18, that was funded through Industry Canada.

#### Supplementary Salary Detail

|   | Out of Scope | In Scope       | Total          |
|---|--------------|----------------|----------------|
| Number of Employees                     | 10           | 63             | 73             |
|   |              |                |                |
| Salary in Year 1 from table (2018/19)   | \$663,105.00 | \$2,755,710.00 | \$3,418,815.00 |
| - Annual merit increases                | 11,330       | 33,335         | 44,665         |
| - Annual economic increases             | 9,945        | 41,335         | 51,280         |
| - Adjustments to staffing               | -            | -              | -              |
| Salary in Year 2 from table 1 (2019/20) | \$684,380.00 | \$2,830,380.00 | \$3,514,760.00 |
|   |              |                |                |

- The College will not fill the VP Academic position as it was left vacant when the VP Academic assumed the CEO position

In order to maintain all programming, services and staffing at the same levels as 2018/19 the College would require an increase to our operating grant of \$165,000. Over the past number of years the College has worked at getting our unrestricted surplus in line with the Ministry guideline of 3%. With fiscal restraint the College has not utilized some of the programming reserves.

| Table 2 Operating Surplus Template               | 2016-17<br>Actual | 2017-18<br>Budget | 2017-18<br>Forecast | Year 1<br>2018-19<br>Budget | Year 2<br>2019-20<br>Estimate | Year 3<br>2020-21<br>Estimate |
|--|-------------------|-------------------|---------------------|-----------------------------|-------------------------------|-------------------------------|
| Internally Restr'd/Unrestr'd Op. Surplus (Start) | 1,478,666         | 1,566,362         | 1,566,362           | 1,684,769                   | 1,604,004                     | 1,443,959                     |
| Internally Restr'd/Unrestr'd Op. Surplus (End)   | 1,566,362         | 1,157,980         | 1,684,769           | 1,604,684                   | 1,443,279                     | 1,243,959                     |

College surpluses are higher than anticipated when the 2016/17 budget was developed. The main reason for this is the fiscal restraint measures. These measures resulted in planned capital and operating expenditures either being cancelled or delayed and vacancy management resulting in better than anticipated operating results.

For more detailed information on utilization of reserves refer to Part C: Surplus Utilization/Deficit Management Plan.

#### 0% funding increase for 2018/19 and 2019/20

No operating grant increase will put the College in a difficult financial position. The Year 2 operating deficit when adjusted for amortization would equate to \$165,000. Should no increase in funding be received the College would draw on our unrestricted operating surplus. The college would need to re-assess our current staffing and some strategic re-alignment would have to occur prior to the start of the 2019/20 fiscal year.

| Table 4 Operating Surplus Template               | 2016-17<br>Actual | 2017-18<br>Budget | 2017-18<br>Forecast | Year 1<br>2018-19<br>Budget | Year 2<br>2019-20<br>Estimate | Year 3<br>2020-21<br>Estimate |

## **APPENDIX E**

# Essential Skills for the Workplace Proposal

### Ministry of

### **Immigration and Career Training**

### ESSENTIAL SKILLS FOR THE WORKPLACE (ESWP) PROPOSAL

#### **Executive Summary**

Carlton Trail College is pleased to submit its proposal for three Essential Skills for the Workplace (ESWP) projects for delivery of programming in the locations of Punnichy, One Arrow First Nation (OAFN) and Humboldt. The focus is to create opportunities for participants to increase their workplace employability and essential skills development and to prepare participants for ongoing sustainable engagement to the workplace and to assist employers in their need to hire and retain workers. This program will identify and increase the labour market participation of First Nation and Métis learners and other under-represented population groups. The programs will concentrate on the participants' personal growth, essential and employability skill development, skill development in the service industry, certifications in relevant areas, and a 60 hour work placement. The College, in an attempt to assist with participants' ongoing engagement to the work force, will provide participants with access to a Student Advisor/Transition to Employment Coach throughout the program. This support will result in stronger long-term attachment to the labour market.

#### **Project Overview**

Many community members residing in One Arrow First Nation, George Gordon First Nation, Muskowekwan First Nation, Day Star First Nation, Kawacatoose First Nation, the Punnichy area and Humboldt and area require further education and training in order to fully engage in the labour market. First Nations and Métis people living in Saskatchewan continue to have "much higher unemployment rates and much lower labour market participation rates than non-Aboriginal people" (Waldner, The Star Phoenix, 2016). In the Province of Saskatchewan, where the Aboriginal population is significant and growing, the economy depends on increasing Aboriginal employment. Similarly, people with disabilities face 53% higher unemployment rates than people without disabilities (Statistics Canada, 2006) and a known challenge for newcomer's "is finding meaningful employment" (Plante & Sharpe, Poverty Costs, 2014). Socio-economically disadvantaged individuals and families often have multiple barriers and these barriers greatly reduce the likelihood of labour force attachment. Additionally, "the labour force participation rate declines as the degree of rurality rises" (p.69) where "about a third of the remote rural population does not have a high school diploma" (Moazzami, 2015, p.36).

The ESWP programs will help reduce these barriers and provide learners with enhanced literacy skills using the Circle of Learning Benchmarks, Essentials Skills curriculum, Bow Valley's Building Workplace Essential Skills, JIST Soft Skills Solutions and various other resources and experiences. Instructors will build upon the curriculum by applying the newly learned skills directly to employment in the numerous service industries. According to Statistics Canada the largest growth in service industry employment over the past 20 years occurred in Alberta and Saskatchewan (2006). More specifically, as outlined by the Ministry of Economy in February of 2017, the Sales and Service Occupations have seen the most postings for 2015 and 2016 in the Carlton Trail College region. The Labour Market Services Occupation Labour Demand Outlook 2016 to 2020 also outlines that "the majority of future job openings (57%) are for occupations in sales and services; business, finance and administration; and management" of which Sales and Service make up 23% (p.2).

A large focus of the program will be the incorporation of portfolio development, actions plans, safety tickets, employment information and work readiness skills including job shadowing, mentoring and work placements. In previous years, we have found success by including and encouraging student learning through various art forms, multi-cultural activities and trainings, post-secondary tours, various guest speakers, volunteering with Culture Camps, feasts, multi-cultural community events, Equine Centre Life Skills, and tours of employers such as BHP Billiton, Northern Lights Casino, City of Humboldt, and others. These experiential opportunities open up career options that participants may have never knew existed and also foster community involvement. Upon completion of the program, adults will have the skills necessary to obtain entry-level or semi-skilled employment in a variety of service industries. Similarly, the programs will continue to offer trainings in Mental Health First Aid, and ESuicideTalk to ensure participants are able to use their soft skills to better themselves, their families, their work places and their communities. The College will continue to work with regional employers to look for additional employment opportunities for both work placements and ongoing sustainable employment for completers.

#### Punnichy

- September 4<sup>th</sup> December 21<sup>st</sup>, 2018 (4 days/week)
- With focus on First Nation learners (servicing the area including Kawacatoose First Nation, George Gordon First Nation, Muskowekwan First Nation and Day Star First Nation)
- 51 training days including 60 hours of work placement/job shadow per participant
- 12 seats

In consultation with First Nation communities in the Punnichy area, there has been an identified need for literacy and essential skills training. Hosting the program in the community of Punnichy allows all four First Nation communities access to the training. With the recently renovated classroom space at the College's new Four Winds Learning Centre, Punnichy is the ideal location for this program.

This project will grow and build the relationship with First Nation communities in the area, and will also provide training to community members and create strong links to employment.

#### One Arrow First Nation

- September 4<sup>th</sup> December 21<sup>st</sup>, 2018 (4 days/week)
- With focus on First Nation learners
- 51 training days including 60 hours of work placement/job shadow per participant
- 12 seats

While the College delivers an ABE Level 4 program in Wakaw, a program where the majority of students are from One Arrow First Nation, there remains a need for essential skills development for students who are not prepared for Level 4 programming, or for those ready to enter the workforce. Through the process of intake and assessment for the above noted programs, there continues to be an identified need for literacy and essential skills training.

It is clear from applicants previously assessed for the Level 3 and 4 programs that many of these individuals also lack both employability skills, and previous employment experience. Further to this, both One Arrow First Nation and Saskatoon Tribal Council have articulated that there are identifiable gaps in the employability skills of community members, thereby resulting in limited transition to an urban setting where One Arrow First Nation has established partnership with employers. In 2015-16, the College established ongoing transition meetings with STC and One Arrow in which the group works collaboratively to help support ESWP and other students with their transition plans and this partnership continues to evolve to ensure student success.

#### Humboldt and Area

- February  $4^{th}$  May  $16^{th}$ , 2019 (4 days/week)
- With focus on First Nations learners and those who are underrepresented in the workforce
- 58 training days including 60 hours of work placement/job shadow per participant
- 12 seats

In consultation with PARTNERS Family Service, the City of Humboldt and Humboldt Regional Newcomer Centre and Humboldt and District Community Services, there is an identified need articulated by these local community based and municipal organizations for essential skills programming to help meet the employability needs of the many of the clients they serve. These organizations serve several population groups that are underrepresented in the workforce including First Nations and Metis people, persons with disabilities, visible minorities and newcomers, single parents, and socio-economically disadvantaged.

### **Project Implementation and Work Plan**

#### Recruitment Strategy, Assessment and Selection Process

- The College will work closely with all First Nation Bands, municipalities and community-based organizations to identify and select applicants that are ready, willing and able to attend the program and have aspirations of becoming employed.
- Applicants will be assessed using thorough one-on-one, in depth interviews with a student advisor to assess education levels, employment history, goals and aspirations, barriers, issues with mental and physical health, childcare needs, transportation plans, as well as motivations and desires.
- Educational levels will be assessed by a variety of assessment methods, such as:
  - CAAT (Canadian Adult Achievement Test). The CAAT measures the potential participant's skills in vocabulary, number operations, reading comprehension and problem solving
  - CORE Reading Maze to assess reading ability
  - Informal writing assessment where applicants will be required to write a paragraph on why participating in the ESWP program is important to them
  - Change Readiness Assessment to assess the participant's preparedness for change
- Selection will be made based on the potential participants' literacy levels, their readiness to address barriers that may be present and their willingness to become attached to the labour market.
- The College anticipates that some participants may have previously unidentified learning disabilities. For this reason further diagnostic assessments may be required for some participants.

#### Working with the selected targeted population

Carlton Trail's partnerships with the above mentioned communities will be an important piece in the success of these projects. Of fundamental importance is listening to and understanding the needs of our First Nation and CBO partners. That is why we are committed to engaging with program completers to support their transition to long-term sustainable employment.

In terms of delivering the projects, the College will work closely with the First Nation Bands and CBOs to ensure that the following areas of focus are met:

- Roles and expectations of both groups are clearly defined
- Ensuring that First Nation culture and multicultural components are embedded in its activities
- Attaching a Student Advisor/Transition to Employment Coach with extensive experience working with First Nation students and students with multiple barriers
- Hire instructors that are either First Nation or have experience teaching First Nation students
- Work with each community to ensure they remain committed to the program. This commitment is demonstrated by Elder, Chief, Council and Band/CBO staff visiting the classroom, engaging students and acting as role models

Our experience working with First Nation and other under-represented students in the labour market emphasizes the need of a holistic approach, and of engaged instructors and student advisors. This approach involves meeting the needs of the learner as a whole; the spiritual (traditions and prayer), the emotional/mental (one on one and group support, elder support), the physical (housing, transportation, clothing for work); and, the academic and employment. Carlton Trail's student advisor will work closely with the learners and the communities. The student advisor attached to each project will be present in the classroom 1-2 days a week to work with students and address barriers that are interfering with success.

#### Work Plan

- Individualized learner plans (action plans) will be developed with each participant.
- The programming will include digital literacy skills, personal growth/life skills, workplace/employability skills, career and work exploration, respectful workplace and safety training.
- The participants will develop a portfolio including career research (with completed resume and cover letter).
- Students will complete 60 hours of work placement.
- Students will have ongoing access to a Student Advisor to help support their holistic needs.
- *The Circle of Learning Benchmarks* document will be the guiding tool instructional standards and assessment of performance in both formal and informal learning environments and outlining the knowledge and skills adult learners need to be successful in work or further education.
- Through the *Circle of Learning Benchmarks*, literacy skills are embedded in a variety of learner-centered contexts, thereby allowing learners to draw on their own experiences, skills and prior knowledge.

#### Project Costs Refer to Project Cost Table

#### Partnerships

For these projects, Carlton Trail College will...

- Coordinate program delivery in conjunction with partners;
- Be responsible for recruitment, selection, hiring and evaluation of instructors (including Life Skills and Safety Certification instructors);
- Assess all applicants and work in conjunction with the applicable Band and CBO for learner selection;
- Incorporate the Circle of Learning Benchmarks to achieve desired outcomes;
- Be responsible for ensuring that all curriculum, classroom resources (including laptops), equipment, supplies and program supports are provided;
- Ensure that materials and activities in the program explore and honour the Aboriginal culture and a multi-cultural perspective;
- Supply a student advisor to assist students with personal and academic issues throughout the program, assist with work placement during the program, and assist with work force engagement after the program;
- Continue to engage business and industry to identify work placement opportunities, and employment opportunities;
- Manage the financial aspects of the project; and
- Prepare requisite reports and evaluations as required.

#### Punnichy:

George Gordon First Nation, Muskowekwan First Nation, Day Star First Nation, Kawacatoose First Nation and Touchwood Agency Tribal Council will...

- Assist with student recruitment;
- Assist in engaging and coordinating work placements;
- Provide work placement opportunities when applicable;
- Assist with embedding cross cultural components of the program (e.g., Elder visits);
- Band Chief, Council, Elders and staff will have a visible presence in the classroom to emphasise the importance of being successful in the program; and
- Assist with transportation to class and work placements.

#### One Arrow First Nation:

One Arrow First Nation will...

- Provide suitable classroom space for 12 adult learners;
- Assist with student recruitment;
- Assist in engaging and coordinating work placements;
- Provide work placement opportunities when applicable;
- Assist with embedding cross cultural components of the program (e.g. Elder visits);
- Continue to engage business and industry to identify work placement and employment opportunities;
- Band Chief, Council, Elders and staff will have a visible presence in the classroom to emphasise the importance of being successful in the program;
- Assist with transportation to class and work placements; and
- Assist with child care.

#### Humboldt:

Local community based organizations will...

- Assist in student recruitment;
- Assist in engaging work placements; and
- Continue supporting clients within the program to provide holistic services.
