REAL SKILLS for REAL SUCCESS!

Real Skills for Real Success starts with learning in an environment built for the future.

A multi-million-dollar investment from the Government of Saskatchewan and BHP will expand Carlton Trail College's Humboldt campus and support training in fields that power Saskatchewan's economy.

The future BHP Technical Training Centre will give new life to a former retail building, transforming it into a modern hands-on learning hub for Saskatchewan's next generation of skilled workers.

The facility is expected to open Fall 2027.

Your future starts with real learning, real experience and real success. . . just another reason to choose Carlton Trail College.

OFFICE ADMINISTRATION

Sask Polytech Certificate

Office Administration

HUMBOLDT

Starts August 30, 2027*

**Apply before May 15, 2027 and be entered to win a \$1,000 Scholarship!*

Your first step to a rewarding career in business, government, healthcare or a variety of other industries starts with the Office Administration Certificate.

Get training on the most up-to-date aspects of office administration. Learn about writing business letters and memos, keyboarding, basic accounting, reception, communication, records management, scheduling, and more. Plus, you'll develop your computer skills in word processing, spreadsheets, databases, presentations, and automated accounting.

Practice in class, then develop your skills further during the work experience component at the end of the program.

When you graduate, you'll be prepared to enter the workforce as a receptionist, administrative assistant, customer service representative, bookkeeper or other roles which requires office administration skills.

This program is approximately 35 weeks long.

You'll need Grade 12 and to meet the English Language Requirement.

EARLY CHILDHOOD EDUCATION

Sask Polytech Certificate and Diploma

Discover how to support children as they learn through play.

When you graduate, you'll be prepared to pursue employment opportunities in a childcare centre, preschool, family day home or elementary school setting.

You'll need Grade 12 with English Language Arts 30 or equivalent and to meet the English Language Requirement.

You'll also need to provide evidence of a Criminal Record Check and Vulnerable Sector Check prior to entering practicum placements.

The Certificate of Achievement (CofA) is Open Access - meaning you do not need to meet any academic or English Language entrance requirements.

QUESTIONS?

CALL OUR OFFICE AT
1.800.667.2623

Prepare for a meaningful career supporting individuals, families, and communities affected by addiction and mental health challenges.

Through classroom learning, counselling practice, and field placements, you'll develop skills in addiction counselling, community outreach, mental health support, and client advocacy using both Indigenous and Western approaches to holistic care.

This program focuses on personal and professional growth, helping you develop knowledge, self-awareness, and practical counselling skills needed to work with youth, adults, and older adults in a variety of community settings.

This is a 2-year diploma program.

You'll need Grade 12, Adult 12, or GED, plus references and a letter of intent. Applicants with a history of substance use or mental health challenges must be in a stable stage of recovery and wellness that supports successful participation in the program and safe support of others. Typically, applicants must be two years post-treatment or in full recovery.

You'll also need a Criminal Record Check and Vulnerable Sector Check required before practicum placement.

CONTINUING CARE ASSISTANT

Sask Polytech Certificate

Learn how to support clients who depend on you.

Study gerontology, dementia management, administering personal care, medication monitoring, and more. You'll also receive Standard First Aid/CPR C/AED training or equivalent, WHMIS training and participate in a clinical work experience.

When you graduate, you'll be prepared to pursue one of the hundreds of employment opportunities available for CCA's in long-term care, homecare, and other healthcare settings.

This program is approximately 32 weeks long.

You'll need Grade 12 and/or successful completion of 15 post-secondary credits from a recognized institution and meet the English Language Requirement. You also must be 18 years of age or older.

You'll also be required to provide evidence of a Criminal Record Check, a Vulnerable Sector Search and Immunization Records to meet program requirements.

This program is offered at multiple locations. The Humboldt campus delivers the program in-person, while other locations offer a blended format combining in-person and online learning.

PRACTICAL NURSING

Sask Polytech Diploma

Practical Nursing

WATROUS

Next Intake: March 2029*

Application Deadline: April 30, 2028

**Apply before April 30, 2028 and be entered to win a \$1,000 Scholarship!*

Enjoy a rewarding career as a Practical Nurse! Learn anatomy, physiology, health assessment, medical and surgical care, mental health, pediatrics, obstetrics, and more. Training includes Standard First Aid/CPR Healthcare Provider C with AED, TLR, WHMIS, along with clinical practice and practicums.

Upon graduation, you'll be eligible to write the Canadian Practical Nursing Registration Exam and pursue a career in acute care, rehabilitation, long-term care or home care.

This program is approximately 78 weeks long, offered over two years.

You'll need Grade 12 with a min. avg. of 65% in ELA 30, FDN MATH 30 or PRE CALC 30 or W&A MATH 30; one of BIO 30, CHEM 30 or PHYS 30; and one of SOC STU 30, HIS 30 or NS 30 and an English Language Requirement specific to Practical Nursing (IELTS). You'll need to provide evidence of a Criminal Record Check, a Vulnerable Sector Search, N95 respirator mask testing and immunization records to meet program requirements. You'll also need to be 18 years of age or older.

PRIMARY CARE PARAMEDIC

Sask Polytech Certificate

Primary Care Paramedic

HUMBOLDT

Starts August 26, 2027*

**Apply before May 15, 2027 and be entered to win a \$1,000 Scholarship!*

Prepare for a fast-paced career in pre-hospital emergency care. Learn to assess patients and respond to medical, mental health, trauma, cardiac, respiratory, and obstetrical emergencies. CPR Heart Saver C AED, Standard First Aid, TLR, and WHMIS training are included.

Graduates are eligible to write the Saskatchewan College of Paramedics licensing exam and pursue careers with ambulance, air ambulance, fire protection and industrial emergency services.

This program is approximately 51 weeks long for a full-time program.

You'll need Grade 12 with a min. avg. of 60% in ELA 30, one of BIO 30 or CHEM 30, and one of W&A MATH 30, FDN MATH 30 or PRE CALC 30 and an English Language Requirement - specific to Primary Care Paramedic - (IELTS). You'll need to provide evidence of a Criminal Record Check, a Vulnerable Sector Search, N95 respirator mask testing and Immunization Records to meet program requirements. You must exhibit physical strength and fitness consistent with the requirements of professional practice.

CARPENTRY

Sask Polytech Applied Certificate

Do you like building things and want a career in the construction industry?

The Carpentry Applied Certificate program will teach you the basics of carpentry and help you develop your skills for a career in residential, commercial, construction and other related industries.

You'll cover topics such as blueprints and quantity surveys, concrete, foundations, framing, scaffolding and more. Practice in class, then develop your skills further during the work experience component at the end of the program.

When you graduate, you'll be prepared for an entry-level job as an apprentice in the trade. Trade time and academic credit may be available for graduates who find employment in the trade and register as an apprentice.

This program is approximately 19 weeks long.

You'll need Grade 11 with either FDN MATH 20, W&A MATH 20 or PRE CALC 20. (Modified and General Math credits will not be accepted.) You'll also need to meet the English Language Requirement.

If you do not meet the above academic requirements, please contact a College Advisor to discuss alternative admission options.

Carpentry

HUMBOLDT

Starts November 23, 2026

HUMBOLDT

Starts November 22, 2027*

**Apply before May 15, 2027 and be entered to win a \$1,000 Scholarship!*

ELECTRICIAN

Sask Polytech Applied Certificate

Electrician

HUMBOLDT

Starts September 7, 2027*

**Apply before May 15, 2027 and be entered to win a \$1,000 Scholarship!*

Are you looking for a career in the trades?

Become an Electrician.

The Electrician Applied Certificate will provide you with the knowledge and skills for an entry-level electrician job.

You'll learn how to install, test, replace and repair lighting fixtures, wiring and electrical equipment, how to read and interpret construction drawings and more. Plus, you'll get plenty of hands-on practice using standard tools of the trade. Practice in class, then develop your skills further during the work experience component at the end of the program.

When you graduate, you'll be prepared for an entry-level job as an apprentice in the trade. Trade time and academic credit may be available for graduates who find employment in the trade and register as an apprentice.

This program is approximately 21 weeks long.

You'll need Grade 11 with FDN MATH 20, W&A MATH 20 or PRE CALC 20 and need to meet the English Language Requirement.

If you do not meet the above academic requirements, please contact a College Advisor to discuss alternative admission options.

INDUSTRIAL MECHANICS

Sask Polytech Applied Certificate

If you like solving mechanical problems, and are good with your hands, consider a career as an Industrial Mechanic.

Industrial Mechanics (also known as Millwrights) install, repair, overhaul, and maintain stationary industrial machinery and mechanical equipment.

Learn about drafting and blueprint reading, tool use, basic welding, fabrication and installation, pumps, mechanical components, maintenance, and more. Practice in class, then develop your skills further during the work experience component at the end of the program!

When you graduate, you'll be prepared to work as an apprentice in a wide variety of commercial or industrial operations such as mines, mills, refineries, power generating and processing plants.

Trade time and academic credit may be available for graduates who find employment in the trade and register as an apprentice.

This program is approximately 17 weeks long.

You'll need Grade 12 with FDN MATH 20, W&A MATH 20 or PRE CALC 20 and need to meet the English Language Requirement.

If you do not meet the above academic requirements, please contact a College Advisor to discuss alternative admission options.

Industrial Mechanics (Millwright)

HUMBOLDT

Starts February 22, 2027

HUMBOLDT

Starts February 21, 2028*

**Apply before May 15, 2027 and be entered to win a \$1,000 Scholarship!*

PLUMBING & PIPEFITTING

Sask Polytech Applied Certificate

Plumbing & Pipefitting

HUMBOLDT

Starts February 23, 2027

HUMBOLDT

Starts February 22, 2028*

**Apply before May 15, 2027 and be entered to win a \$1,000 Scholarship!*

If you love working with your hands, the Plumbing and Pipefitting Applied Certificate Program can help launch you into a career in the trades.

Plumbers install, replace and maintain water and wastewater systems in residential, commercial and industrial buildings. Many are also licensed gas fitters.

Learn about plumbing fixtures and installations, water supplies, waste systems, and more. Practice in class, then develop your skills further during the work experience component at the end of the program

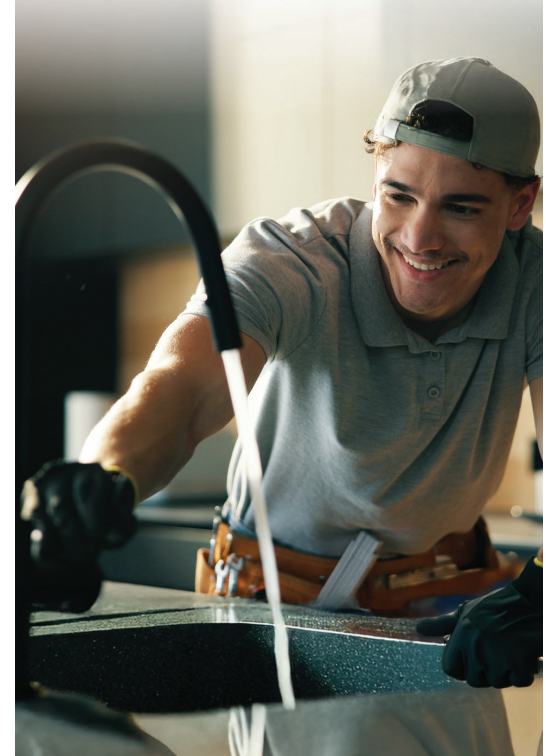

When you graduate, you'll be prepared for a variety of entry-level employment opportunities with plumbing contractors and construction companies, as well as with maintenance departments in power, mining or manufacturing companies.

Trade time and academic credit may be available to graduates who find employment in the trade and register as an apprentice.

This program is approximately 17 weeks long.

You'll need Grade 11 and to meet the English Language Requirement.

If you do not meet the above academic requirements, please contact a College Advisor to discuss alternative admission options.

WELDING

Sask Polytech Applied Certificate

Get hands-on instruction in general shop practice and safety. Learn about oxy/acetylene fusion welding, cutting processes, gas metal arc welding (MIG), and shielded metal arc (stick) welding. Practice in class, then develop your skills further during the work experience component.

Trade time and academic credit may be available for graduates who find employment in the trade and register as an apprentice.

This program is approximately 21 weeks long.

You'll need Grade 10 and need to meet the English Language Requirement. If you do not meet the academic requirements, please contact a College Advisor to discuss alternative admission options.

JOURNEYPERSON WELDING

Journey person Upgrader Program

Prepare for your written and practical Journey person Welding Exams. Saskatchewan Apprenticeship Exams are included in the course dates.

This part-time program is 18 weeks long.

You must have at least 4 1/2 years and 8,100 hours (including 900 MIG and 900 Stick, minimum) welding experience.

Welding

HUMBOLDT

Starts August 30, 2027*

**Apply before May 15, 2027 and be entered to win a \$1,000 Scholarship!*

ACADEMIC UPGRADING

Adult High School

Complete your Grade 12 or upgrade your marks in an adult-focused learning environment.

A Grade 12 Diploma can help open the doors to college, university, additional training and more jobs while upgrading your marks may help you meet a specific pre-requisite for a post-secondary program.

Applications are accepted on an ongoing basis with various start dates throughout the year.

You must be 18 or older, out of school for one year and live within the Carlton Trail College Region to apply. Intake and Assessment are required.

Canadian Adult Education Credential (CAEC) Computer-Based Testing

The Canadian Adult Education Credential (CAEC) is a high school equivalency credential that meets industry standards as a replacement for GED testing.

Carlton Trail College is a recognized CAEC testing centre with testing coordinated out of our Watrous Office.

For more information, call 306.946.2094.
